## BIG DOLLAR DAYS' BARGAINS AT ARLINGTON STORES

### Parking situation here needs more than juggling of available spaces

Parking problems are getting bigger and bigger in Arlington Heights. First it was the shoppers with no place to park, then the commuters with no place to park, and now residents of apartments in the downtown area have no place to park.

Apartment car owners have been using the railroad parking lots, which are extremely limited to begin with, to park their cars in overnight. Many of them do not move their cars in time for commuters to avail themselves of the space, some even leave them parked in the lots for days at a time.

AN INVESTIGATOR from the North Western railroad appeared on the scene this week and said that non-commuter parkers will have to keep out of the railroad parking lots. If it is absolutely necessary to leave their cars there overnight they will have to be removed from the lots by 7 a. m. each day.

It's a plain case of "borrow from Peter to pay Paul," which ends at the proverbial stone wall. How long the village can maintain an inactive status on the subject of parking is the question of the hour.

It has done nothing about a revamping of the present parks west of Vail and east of Evergreen, as suggested and outlined by a business men's committee a year ago.

### Major operations found necessary on many trees damaged by storm

Arlington Heights is gradually getting back to normal, following the sheet storm of February 13. In view of reports reaching the Herald that in the opinion of many local residents, several trees are being removed that could be saved, the editor has interviewed Raymond J. Becker, superintendent of public works. He was asked "just what precaution was or is being taken to save damaged trees in Arlington Heights."

It was learned that immediately following the storm, an expert tree surgeon's services were engaged by the Village of Arlington Heights to inspect damaged trees, and to make recommendations in reference to their repair or removal.

Mr. Becker said, "many people have complained that in their opinion some trees have been cut down which could have been saved." Supt. Becker admits he is not an authority on tree surgery, but says he is being guided by the advice of an expert tree surgeon, and every precaution is being taken to save trees if possible. Mr. Becker also added: "The village will replace the trees which have had to be removed."

### Burglars beware! Arlington Heights police get hep to finger-prints

"Though we are not finger-print experts," said Patrolman Oscar Johnson of the Arlington Heights Police Department, "the recent course Officers Ray Jahnke, Tom Vidrick and myself took was thorough and complete enough to enable us to investigate a crime scene and compare any finger-prints, or portions of prints, found with those of any suspects or with those who had legal right to be at the scene."

Last week the three men received five days of schooling in finger-printing pattern types. Training school, which was sponsored by the North Shore Division of the Illinois Police Association, in cooperation with the Federal Bureau of Investigation.

SCHOOL STARTED at 8 a. m. and was out at 4 p. m. During the five days the officers learned finger-printing pattern types,

### New law places all local judges 'on the pan'

Some 200 Justices of the Peace in Cook County, State's attorney Boyle, and County Judge Jarecki, were caught flat footed Tuesday by a law passed by the State Legislature last August.

The law required all police magistrates and justices of the peace to submit a report on the disposal of the funds collected by them through fines and other collections to the County Judge by March 1st. The penalty for not making the deadline is a \$25 fine. If the J. P. refuses to report, a \$100 fine may be imposed by the County Judge.

Unfortunately—the law, when passed, did not provide that any one notify the persons concerned, to-wit, Judge Edmund K. Jarecki, State's attorney Boyle, and the 200 J. P.'s.

BUT SOMEHOW, two J. P.'s found out—read the papers or something, said Jarecki, because, last week the Judge received two reports. "What's this," said the Judge, and called for the law book. There it was, all J. P.'s must submit reports to the County Judge. The State's attorney's office is also involved. After the County court has passed on their correctness, the State's attorney notified them. So Jarecki formed either; but sure enough, there it was on the statutes. Last Wednesday, Boyle took action. He called a meeting of all the J. P.'s in the county. The news fell like a bomb shell on the group. Only five of the 200 had heard of the new law.

Judge Jarecki gave the J. P.'s until May 1st to submit their reports. But he says his troubles are only beginning. "My staff is overburdened as it is, this new responsibility will just make matters worse. But the Constitution of the State requires that the County Judge inspect such matters as J. P. reports and it will require a Constitutional amendment to change that. And it's almost impossible to amend the state constitution."

### JOB PRINTING DEPT. CLOSES FRIDAY NOON

In order to meet the restrictions on use of power, all presses at Paddock Publications plant will shut down at noon Friday. The plant operates on a 5 1/2-day schedule. Additional electricity saving will be effected by elimination of production on some of the presses.

### Public library building before voters next week

Arlington Heights people will have the opportunity March 11 to authorize the erection of a library building. Included on the ballot will be an \$80,000 bond issue.

The library project has been on the agenda of the Woman's Club many years. Various civic organizations have considered it as a "must" of the future.

THE COMMUNITY Council, established during the war years, considered many suggestions for a war memorial and finally decided that a library building was the ideal tribute to the war dead. It backed that belief up with the ear-marking of over \$10,000 for that purpose.

The boys, girls and grownups who have used the present library facilities and know its space inadequacies are among the strongest supporters of coming election.

Arlington Heights is now in the 10,000 population class. Many think that it is time that its library should be housed in a building of its own.

Before taking the initial steps calling for an election, the library board and the woman's club received the approval of the Community Council and various other civic bodies. Petitions signed by several hundred citizens were presented to the village board, which passed the required ordinance.

A TELEPHONE campaign will be set in motion next week to awaken the public to the importance of carrying the election. Those who are interested in the why and wherefore of the need for greater library facilities can turn to this week's Fence Post. A contributor has outlined therein the present problems facing the library board.

### Boy Scout drive nears end; residents may still contribute

The Northwest Suburban Council of the Boy Scouts is attempting to complete its drive for funds. All those in Arlington Heights who have not been contacted for contributions to the Boy Scout Drive should contact William F. Neumann, chairman of the drive, at A. H. 130, or the following captains:

Scarsdale, Don Cox, 1856; Eastwood, Walter Miller, 2037-W; east of State rd. to Douglas, Mark Creviston, 2062; Sherwood, Herbert Jacobson, 1746; Arlington Park, Thomas Thacker, 1916-M; east of Dunton to State rd., Jake Marino, 2345-J; Dunton west to Ridge, Martin Freeman, 496-M; Dunton west to Wilkie rd., Dick Fox, 80-W; Stonestage, Carlyle Hansen, 1931-J; Arlington Ridge, Frank Menzel, 1409-R; Dunton east to State, George Moudry, 2328-M; Northwest business section, Walter Hansen, 168; Southside business section, Don Hartmann, 23.

### Pediatrician to speak at Child Study meeting

The Child Study Group of Arlington Heights will meet tonight, Thursday, at 8 p. m., at the South school. Guest speaker for the occasion will be Dr. Morley McNeal, well known Highland Park pediatrician, who will speak under the auspices of the Educational Committee of the Illinois State Medical Society.

Dr. McNeal will speak on the subject "Is the Tummy Ache a Fake?" Children often complain of being sick when they are trying to avoid an unpleasant situation. How can a parent know whether or not it's pretense? Dr. McNeal will try to give answers to the many queries on this subject.

### 'Rusty Gordon' helps out dad by talking to banker

A special broadcast over radio station WLS at 1:15 this Thursday afternoon will tell how "Rusty Gordon" helped his dad out of financial troubles by talking to a local banker.

The broadcast is one of the adventures in Freedom series of the School Time program. A family crisis is averted by the loan the banker made to enable Rusty's father to purchase the store building in which the family hardware store is located.

The Illinois Bankers' association, of which local banks are members cooperated in the preparation of the script for Thursday's broadcast. It will be as enlightening to parents as well as school children.

### Be A Booster

### Chamber of Commerce Servant of the Community

The object of the Arlington Heights Chamber of Commerce, according to its constitution, shall be to promote the civic, commercial and industrial welfare of the village of Arlington Heights and vicinity—in other words—COMMUNITY IMPROVEMENT.

The accompanying cartoon graphically portrays the weight of the load and the need for help. At the annual meeting of the C. of C. held Monday evening at Faith church, highlights for the Chamber's program for the year were announced. The program will deal with such problems as parking, street lighting, new depot and post office, education and Americanism. Certainly this is an ambitious, progressive program to tackle, yet not impractical or impossible. To be sure, we will need wholehearted, lively support, but with such support, we can accomplish much.

All these projects should be close to the heart of every civic-minded citizen of our community; certainly to every business and professional man. Then, let's grab on to the rope and help pull our share! Together we cannot lose!

As one businessman said recently, "I wouldn't think of being in business without having the Chamber of Commerce on my payroll." And he was not a "big" businessman either. When asked why, he replied, "Because it works constantly, quietly and in many ways, toward building the community's economy, its civic plant and its social well-being. Many of its results are intangible in themselves... but they are all for the good. Every citizen and business benefits from the Chamber's work. The Chamber is the best employee I have. It never quits working for me, whether I'm conscious of it or not."

### Max Warson lands 10 foot sailfish off coast of Mexico

"It's great fishing down Mexico way," said Max Warson of Arlington Heights, who with his wife, and Mr. and Mrs. E. J. Worley of Mount Prospect just returned from three weeks vacation in that romantic country.

To prove that fishing was good Max brought along this snap of himself beside the 10 foot sailfish he caught in the Pacific ocean, just off the coast of Acapulco, Mexico. When he arrived home he found a postcard from Harry Knaack, also of Arlington Heights, who is vacationing in Florida. Harry was bragging about the 77 inch sailfish he caught. Max just smiled as he told the reporter that they use that size for bait down in Mexico.

BESIDES SEVERAL days of fishing, which they also enjoyed at Tampico, the vacationing couples saw the three champion bullfighters of the year strut their stuff in Mexico City.

"Bullfights are as popular in Mexico as are ballgames here in the States," said Max. "Why every child from the age of three up is practicing to be a champion bullfighter."

After the show is over the champion toreros parade around the grounds and all the women toss their furs or other articles of clothing at him just so he can touch them and throw them back. A big honor in Mexico.

### Thieves take cash, merchandise valued at \$2100 from El-Rey store

El-Rey Music store, 5709 N. Irving Park rd., was burglarized sometime Saturday night. The thieves gained entrance through a back door and made off with \$100 in cash and eight records valued at \$2000.

The store is operated by Elmer Herriek, formerly of Arlington

Heights, and Ray Gaitsch, of Des Plaines. Police are investigating.

### Postpone Community Concert drive till May

The 1950-51 membership drive of the Community Concert Association of Arlington Heights, which was scheduled to take place March 6-11, has been postponed until the week beginning May 22.

More information will be published at a later date.

### Arlington Heights Red Cross drive starts Monday

The fund drive in Arlington Heights for Red Cross funds will start March 6, with Forrest Davis as local fund chairman. Zone chairmen are being appointed, and will be published in next week's issue of the Herald.

Mr. Davis stated in an interview today: "Red Cross is on the job every day in the year to aid in time of need; and this is the one time that an appeal is made for funds to carry on this work. Volunteer workers are needed, and we hope the response will be as gratifying in Arlington Heights this year as in the past."

THE GOAL THIS YEAR for the Chicago Chapter Red Cross is \$2,700,000. The money will be used to finance the many Red Cross services to the 5,000,000 residents of Cook and DuPage Counties and the southern half of Lake County.

Red Cross helps in many ways other than Disaster Relief. Every year, thousands of lives are saved in the Chicago area through Red Cross-taught life-saving methods. The lives of many residents are made happier and safer through Red Cross health and safety training. Red Cross home nursing training makes it easier for families to take care of their own sick and bed-ridden. Red Cross services to veterans and servicemen cover everything from financial assistance to advice on personal and family problems.

### Arlington man dies beside car on highway

Richard Piehler, residing at Arlington Airport, died near midnight, on way to Northwest hospital, Tuesday after lying on the ground beside his car on Central road, Mt. Prospect.

Hospital attendants' efforts to revive Piehler, failed. The remains were taken to Oehler funeral home and later removed to Franklin Park his former home.

The deceased, who was on his way home, had evidently driven off the road when he realized that he was ill.

Mrs. Baker, who also resides at the airport, who chanced to be passing, recognized Piehler and stopped her car. He asked her to get help. She left him seated in his car.

Because of the late hour, Mrs. Baker drove directly to the Arlington Heights police station, which phoned the custodian of Mt. Prospect police received a radio from the county police station asking that they investigate. They found Piehler lying face down on the ground and called an ambulance.

Officers Foslund and Esmond thought the man was alive at the time he was placed in the ambulance.

Mr. Piehler was employed as a train dispatcher at Franklin Park.

### Paint and Wig club to give 'George Washington Slept Here' March 17-18

"George Washington Slept Here," the Broadway hit by Moss Hart and George S. Kaufman, will be presented by the Paint and Wig, dramatic club of Arlington Heights township high school, March 17 and 18. Miss Patricia Potts, dramatic coach, will be assisted by Jeannine Burnier as student director.

The play portrays the difficulties of the Newton Fuller family after Fuller, who will be played by Harold Dotts, purchases his little "place in the country" which he has always wanted. The legend that George Washington once slept in the home at first redeems the fact that the homestead is windowless, waterless, and almost roofless.

Newton's wife Annabelle, portrayed by Pat Greschner, saves the situation. Patti Ryden and Bruce Collard will play the roles of Newton's daughter and her boyfriend. Dan Uhlhorn acts the part of the local caretaker while Nancy Bauman portrays Katie, the maid. Other members of the cast are Elaine Skadberg, Marilyn Franke, Bryce Meyer, Ward Knockemus, Ken Krueger, Richard Carlson, Leigh Peterson, and Bob Runyon.

Willard Rasmussen has been named as stage manager. Jane Osburn will head the prop crew, and Alice Simroe will have charge of the make-up.

### 33 firms unite in trade boosting sale this Friday and Saturday

Arlington Heights Chamber of Commerce through 33 local stores is sponsoring the greatest Dollar Days that Arlington Heights has known since pre-war days. A special section of this paper tells the story. The days are Friday and Saturday of this week.

Many of the bargains are startling in value as they include standard merchandise offered at less than cost. Some of the firms went even further and cut prices in half.

"I want to see just how many people of this area will take advantage of my offers," said George Poole. "The more that come to my garage, the more money I will lose, but the happier I will be."

Other business men are agreeing with Poole—"the more the merrier." This two-day sale is the forerunner of similar events. The Chamber of Commerce under the guidance of Secretary Paul Schwengel, is the clearing house for joint action of Arlington Heights business interests.

OVER A HUNDRED business and professional men attended the dinner Monday evening at Faith church. They were well fed by the ladies and heard some startling convincing facts on the possibilities of business co-operation. The speaker was J. T. Meek, executive-secretary of the Retail association of Chicago.

President George Schneberger outlined future activities of the CC and asked the support of all business interests. Secretary Schwengel, in a five minute talk, outlined the possibilities of the Chamber.

Meek, in his opening talk, opened the eyes of his hearers. If every manufacturer, professional and business man in the Arlington area had been present, the membership of the local Chamber would become 100%.

HE SAID IN PART, "the doctor who is opposed to socialized medicine, the manufacturer who is interested in labor-employer legislation and all of us who are affected by the present trend of government control, should join forces if we are to win. Let George do it! It will not get us anywhere."

The Madrigal Singers of Arlington Heights high school were roundly applauded for their songs. "Such a group is a credit to Arlington Heights," said Meek, "and we should all be fighting for a continuation of the free American life that makes such organizations possible."

### Tickets to be issued to all without auto stickers, dog licenses

Residents of Arlington Heights who still need to purchase vehicle tags better put on their walking shoes and trot down to the village hall for them. If they drive their car down to get it they may be met by a member of the police department, which has been authorized to arrest anyone not having a 1950 sticker displayed on his auto.

This even applies to those who have purchased the tag but have not put it in its proper place on the windshield. March 1 was the deadline for vehicle tags and dog licenses. The latter will bring a ticket to the owner too, so the cheapest way out is to buy those required tags at once.

### Oil, some coal, keep schools open; brown-out cancels night school

Night school classes at Arlington Heights township high school had to be cancelled this week because of the brown-out. Students will be given an opportunity to make up the cancelled classes at a later date.

Regular classes at the high school, though operating with a minimum of light, are able to continue, as a rush job was done on the proposed oil conversion heating system. This system was not to be installed until the new building was completed, but because of the coal situation workmen hurried the project along and the school is now heated by oil.

SEVERAL SOCIAL functions at the high school were cancelled to conserve electricity.

The North and South public schools will also remain open. The South school is heated by oil and the North school, though heated with coal, has enough to last for several weeks. Both schools are conserving electricity.

Teachers have been asked to cooperate and use lights only when necessary. St. James Catholic school is also able to continue its classes, and has enough coal for the present at least. Light is also being used at a minimum. St. Peter Lutheran school is fortunate inasmuch as they use oil for heat. They are also conserving on lights. THE NORTH SCHOOL kindergarten, which meets at the Methodist church, was unable to meet one day this week due to no coal. A small amount has been obtained and classes have been resumed for the present. The Nursery school, which meets at the Presbyterian church, has been closed, as the church is conserving on the small amount of coal left in order that regular worship services may be conducted. They have moved their offices out of the building for the present, and Circle meetings are being held in private homes.

Reading room, 415 N. Dunton day 1-5 p. m.  
**CHRISTIAN SCIENCE CHURCHES**  
The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 5, will be: "MAN"  
The Golden Text is:  
"Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture" (Ps. 100: 3).  
Among the citations which comprise the Lesson-Sermon the following are from the Bible:  
"The Spirit itself beareth witness with our spirit, that we are the children of God: And if children, then heirs, heirs of God and joint-heirs with Christ. . . Have we not all one father? hath not one God created us?" (Rom. 8: 16, 17; Gal. 2:10).  
The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:  
"Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and eternal with that Mind. He has been forever in the eternal Mind; God; but infinite Mind can never be in man, but is reflected by man. The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth, and Love. Immortal man is not and never was material, but always spiritual and eternal" (p. 336).

**ST. PHILIP'S EPISCOPAL CHURCH**  
Wood and Schubert Streets  
Palatine  
The Rev. Rob Roy Hardin, Rector  
The second Sunday in Lent: The Holy Eucharist at 8 a. m. Church school at 9:45 a. m.  
Choral communion and sermon at 11 o'clock.  
The Rt. Rev. Charles Street, Ph.D., Suffragan Bishop of Chicago will be at St. Philip's on Sunday afternoon for confirmation.  
Professor Merion Johnson, Milwaukee State Teachers College tenor soloist, will sing at both morning and afternoon services.  
On Wednesday morning there will be two services of the Holy Communion, at 6:30 and at 10. At the early service Fr. Hardin will be the celebrant and at the later service, Fr. Williams of St. Michael's, Barrington, will be the celebrant.  
Wednesday night at 8 o'clock Stewart Cushman, prominent layman of the Diocese of Chicago, will speak on "One World in Christ." (AP)

**St. Peter Mothers' club to sponsor fashion show**  
St. Peter Mother's club of Arlington Heights is sponsoring a fashion show to be held March 7 at the high school at 8 p. m. The styles fashioned will be from the Lorraine-Anne shop and the fashions will range from tiny tots to adults.  
The Madrigal Singers from the high school will entertain during the intermission, and refreshments will be served after the program. Admission is 75 cents for adults and 40 cents for children.

**ST. PHILIP'S EPISCOPAL CHURCH**  
Wood and Schubert Streets  
Palatine  
The Rev. Rob Roy Hardin, Rector

**Library corner**  
The historical novel is a popular type of reading, and several new ones of merit have been published recently, and are now available at the Arlington Heights Public Library.  
"Red Cloak Flying" by Margaret Widdemer is a novel of rebellion in the old world and romance in the new. Rosamond Cantillon and the two men who loved her shared a series of adventures that began in Scotland during the Jacobite Rebellion continued in London, followed by further danger and excitement in the colony of New York in the 1740's.  
John Jennings new book is "The Sea Eagles," a novel of the American Revolution based on the exploits of Joshua Barney and Kenny Boyle, two great sea fighters. Mr. Jennings has re-created the whole naval side of the war, when America's Navy consisted of a few sound ships and a few men of great courage.  
"Cordelia" by Winston Graham is a strange and moving love story of a girl with beauty and independence of mind, whose rich capacity for gaiety was not always in harmony with the traditions of Victorian England.  
Margaret C. Barnes has written two novels of England in the time of Henry VIII—"My Lady of Cleves," and "Brief Gaudy Hour."

**Elk Grove registration**  
All residents of Elk Grove township who are not registered for voting will have the opportunity to do so March 4-3.  
Registrations will be taken at the home of Clarence Scharrnghausen, Township Clerk, S. State rd., first house south of Higgins rd., between 7 and 9 p. m. on the above mentioned dates.  
**Too late to classify**  
HELP WANTED — MAN TO take care of horses. Must be sober and honest. Room, board and fair salary. Mike. North-shore Riding and Polo Club, Golf rd. east of Harms, Skokie.  
**FOR SALE — TWO ROUEN**  
hen ducks, one drake, breeding stock. Palatine 30-M-1.  
**NOT RESPONSIBLE FOR ANY**  
debts other than my own. Harold P. Kleine.

**Guest preachers to fill Methodist pulpit for special Lenten services**  
Dr. Horace G. Smith, President of Garrett Biblical Institute to be guest preacher at the first special Methodist Lenten service in Arlington Heights next Sunday evening, at 8 o'clock.  
These services are to continue each Sunday evening during Lent and will start at 8 p. m. with the exception of March 12 when the service will be in the nature of a Vesper Service from 4:30 to 5:30 p. m.  
Outstanding Christian leaders have been invited as guest preachers for each one of these Lenten Sunday evening services as follows:  
March 5, 8 p. m. Dr. Horace G. Smith, president Garrett Biblical Institute.  
March 12, 4:30 p. m. Dr. Robert Beaven, president Baptist Missionary Training School.  
March 19, 8 p. m. Dr. E. Harold Mohn, Executive Director The Advance for Christ.  
March 26, 8 p. m. Dr. George A. Fowler, President Church Federation of Greater Chicago and Pastor of St. James Methodist church.  
April 2, 8 p. m. Dr. John Wesley Holland, Pastor "The Little Brown Church of the Air," WLS. The public is invited to attend.

**Notice of Public Hearing**  
NOTICE IS HEREBY GIVEN that a tentative budget and appropriation ordinance for the Town of Elk Grove, in the County of Cook, State of Illinois, for the fiscal year beginning March 28th, 1950, and ending March 27, 1951, will be on file and conveniently available to public inspection at the residence of Town Clerk R.F.D. No. 1, State Road, Arlington Heights, from and after 8 o'clock p. m., 4th day of March 1950.  
Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at 1 o'clock a. m. 4th day of April, 1950 at Elk Grove Town Hall in this town and that final action on this ordinance will be taken by the electors at the annual town meeting to be held at 2 o'clock p. m., Tuesday, April 4th, 1950.  
Dated this 28th day of March, 1950.

A Lecture  
on  
**Christian Science**  
Entitled  
"Christian Science: The  
Revelation of Universal  
Good"  
by  
Helen Appleton, C. S.  
of Boston, Massachusetts  
Member of the Board of Lectureship  
of the Mother Church, The First  
Church of Christ, Scientists, in  
Boston, Massachusetts

The lecturer spoke substan-  
tially as follows:  
You will all doubtless agree  
with me when I say that you  
and my greatest need, in fact the  
greatest need of the world to-  
day, is higher understanding and  
proof of good. The many ills un-  
der which the world is stagger-  
ing—war, fear, hatred, envy,  
jealousy, malice, revenge, dis-  
content, distrust, lack, lack of  
food, lack of home—we may  
well analyze as a lack of  
good. So is not our greatest  
need to know more and more  
of good? And why? Because  
God is good; and we all need  
to know more about God.  
When we say that good is the  
greatest need of the world and  
of the individual, the greatest  
universal need, we are really  
saying that what we all must  
know is more about God. What  
we know about God determines  
what we are. The more we  
know of God as good only, the  
more good we manifest; and in  
return the more we are blessed  
the higher the revelation of good  
universally.  
Jesus established for all time  
the source of good when he said  
"There is none good but one  
that is, God" (Matt. 19:17). Let  
us then for a moment think  
about God as He is known and  
loved through the teachings of  
Christian Science. In the Chris-  
tian Science textbook, "Science  
and Health with Key to the  
Scriptures," in the Glossary,  
Mary Baker Eddy, Discoverer  
and Founder of Christian Sci-  
ence, illuminatingly defines God  
(p. 587): "GOD. The great I AM  
the all-knowing, all-seeing, all-  
acting, all-wise, all-loving, and  
eternal; Principle; Mind; Soul;  
Spirit; Life; Truth; Love; all  
substance; intelligence." Believ-  
ing, knowing, understanding this  
great definition, we begin to  
solve problems from the indis-  
putable premise of God as the  
"I AM."  
God, good, being ever present  
good does not come and go  
blessing some and harming oth-  
ers, here today and gone to-  
morrow. Because God is pres-  
ent, good is present always. Be-  
cause God is, good is, always.  
Let us never forget this most  
important and fundamental  
truth: good is!

**Christian Science Defined**

Considering universal good as  
revealed by Christian Science,  
let us, as our first step toward  
understanding and demonstrat-  
ing this Science, note the words  
"Christian" and "Science."  
"Christian" is defined (Webster)  
as "pertaining to Christ or the  
religion based on Christ's teach-  
ings." And "science" is defined  
as "knowledge; any department  
of systematized, ordered, classi-  
fied knowledge; art or skill." These  
two definitions lead us  
very naturally to the definition,  
in Webster, of Christian Science:

"A religion and system of heal-  
ing disease of mind and body  
which teaches that all cause and  
effect is mental, and that sin,  
sickness, and death will be de-  
stroyed by a full understanding  
of the Divine Principle of Jesus'  
teaching and healing."  
In the words of Mrs. Eddy in  
"Fundamental Divine Science,"  
one of her shorter writings:  
Christian Science is "the law of  
God, the law of good, interpret-  
ing and demonstrating the di-  
vine Principle and rule of uni-  
versal harmony" (p. 1).

**Evil Not a Reality**

One then might very naturally  
ask, If heaven, harmony, is uni-  
versal, and if God's creation is  
invariably good, how can one  
account for what is so unlike  
good, for evil?  
The omnipresence and univer-  
sality of good preclude any  
presence and universality of  
evil. Clearly and concisely the  
disciple John states the truth  
about creation: "All things were  
made by him (God); and with-  
out him was not any thing made  
that was made" (John 1:3). This  
enlightening doctrine is being  
daily proved by those accept-  
ing and understanding the teach-  
ings of Christian Science based upon  
the statement in Science and  
Health (p. 468), "All is infinite  
Mind and its infinite manifesta-  
tion, for God is All-in-all."  
**Jesus the Christ**  
You will recall that in the  
definition of God, previously  
quoted from Science and Health,  
Mrs. Eddy uses the word "Mind"  
as one of the synonyms for God.  
This word spelled with a capi-  
tal M. is not to be confused  
with the commonly accepted use  
of the word mind, spelled with  
a small m, and meaning brain,  
human thought. The Apostle  
Paul admonishes us, "Let this  
mind be in you, which was also  
in Christ Jesus" (Phil. 2:5). What  
counsel for us today! We are  
asked to have the same under-  
standing of God as Jesus had,  
and are shown that it is spiri-  
tually natural for us to have it.  
We begin to see that it is pos-  
sible for us to put this under-  
standing in to practice as Jesus  
did; to make God the basis of  
very thought and action, to at-  
tribute all power and all pres-  
ence to God. To the degree that  
we have the Mind in us which  
was in Christ Jesus we contin-  
ually prove God's presence and  
power.

**Man a Spiritual Idea**

The basis, the cardinal point  
of Christian Science teaching is  
perfect God and perfect man—  
man the reflection of the one  
God, the One "altogether love-  
ly." The Bible is our authority  
for this teaching. In the first  
chapter of Genesis we have the  
true and complete history of all  
"creation." "God said" and "it  
was so." There is nothing to be  
added to the perfect creation  
from anything that can be taken  
from it. The outstanding clin-  
max of this first chapter of  
Genesis is the creation of man  
in God's own likeness, man  
having dominion "over all the  
earth." This man is the real  
man, the real you, the real I.  
We are, whether we know it or  
not, in our true selfhood, this  
real man. This fact Christian  
Science helps us to demonstrate.  
In human experience a claim  
of legal right must be estab-  
lished to receive the benefits of  
a legacy. Even so, to receive  
our spiritual inheritance, we  
must establish in our under-  
standing our relationship to the  
one God, good. How useless it is  
for us to expect to receive good  
while thinking, believing, and

talking of evil as having any  
place or relationship with man.  
Always we must argue on the  
side of good, the side we wish  
to win. Let us remember the  
Biblical teaching (Prov. 23:7),  
"As (a man) thinketh in his  
heart, so is he." As a man  
thinketh good in his heart, so  
is he good. So does he experi-  
ence that which is good.  
Such thinking brought health  
to a young woman who believed  
herself suffering from a nervous  
breakdown. She had reached  
the point where no material liv-  
ing seemed worth while. But as  
she became, with the help of a  
Christian Science practitioner,  
more and more conscious of her  
true, unbroken kinship with  
God, good, as she saw herself  
as God was forever seeing her.  
His beloved child, whole, com-  
plete, and happy, every material  
symptom of ill-health disap-  
peared, and she was free.

**Mary Baker Eddy**

How truly the familiar prov-  
erb (Prov. 22:6), "Train up a  
child in the way he should go;  
and when he is old, he will not  
depart from it," applies to Mrs.  
Eddy's experience. All her home  
training stressed the value and  
necessity of spiritual knowing  
and living. From early child-  
hood she was taught to turn to  
God in prayer to meet her every  
need. We have many records of  
the help she received from  
prayer, even while she was a  
very young child.

This background of right  
thinking made it possible in  
later years for Mrs. Eddy to  
receive the revelation of God's  
healing power. She was raised  
from what was supposed to be  
her deathbed to immediate, full,  
and active health. She saw, as  
she read the healing of the pal-  
sied man by Christ Jesus in the  
ninth chapter of Matthew, sec-  
ond verse, that the divine laws  
of Life, Truth, and Love are  
practical and available for all at  
all times. Mrs. Eddy saw God  
as Life, saw God as her life,  
and she was healed.  
After much study, research,  
and proof and in obedience to  
the divine demand she gave this  
sacred revelation to the world.  
Today it is here to bless and to  
heal all who will receive it.  
"Science and Health with Key  
to the Scriptures" contains Mrs.  
Eddy's revelation and teaching.  
This book and the Bible are the  
textbooks of Christian Scientists,  
the books they love and study.  
Christian Science, like all sci-  
ences, to be usable must be  
studied and practiced. Study and  
practice will open the way to a  
larger understanding of the uni-  
versality of God's love and  
goodness to every wholehearted  
seeker.

Mrs. Eddy founded the Chris-  
tian Science church, the Church  
of Christ, Scientist. She was  
the founder of all the Christian  
Science periodicals, including  
that great international daily  
newspaper, The Christian Sci-  
ence Monitor. The Monitor is  
doing so much to heaven and  
unite the thought of the whole  
world. Science and Health, to-  
gether with the Bible and all  
Christian Science literature, may  
be found in the Christian Sci-  
ence Reading Rooms, which all  
Christian and which are havens  
of rest and peace, where all are  
welcomed.

**Knowing versus Believing**

For us to avail ourselves of

**The Satisfying  
Answer**

EVEN deeper  
than humanity's incessant  
quest for freedom from dis-  
cord and disease is its long-  
ing to understand life's pur-  
pose.

Christian Science shows  
plainly that Life is God, and  
that the meaning of life lies  
in an understanding of  
John's statement (1 John  
4:8), "God is love."

Every page of the Chris-  
tian Science textbook

**SCIENCE AND HEALTH  
With Key To The Scriptures**

By Mary Baker Eddy

brings this heartening and  
enlightening spiritual under-  
standing. It awakens one's  
innate ability to reason spiri-  
tually.

Thus learning how to ex-  
press and experience divine  
Love in our daily life, we find  
logically and steadily the sat-  
isfying answer to life's in-  
most question, "Who am I?"  
and the peace within that  
"passeeth all understanding."

Science and Health is sold  
at Christian Science Reading  
Rooms throughout the world.  
This book, together with Mrs.  
Eddy's other writings and all  
authorized Christian Science  
literature, may be read, bor-  
rowed or purchased at the

CHRISTIAN SCIENCE  
READING ROOM  
415 N. Dunton  
Arlington Heights, Illinois

God's healing and saving power  
we must understand God, good.  
Merely to believe in God is not  
enough; we must know God.  
When we really understand, no  
amount of evidence to the con-  
trary can shake our faith and  
trust.

All of us who wish to face  
and conquer the world's lying  
claim to a power and a presence  
apart from God, good, must take  
this attitude of knowing. We  
must know without a shadow of  
doubt that because God is good,  
good is the only truth about  
ourselves and about all man-  
kind. Thus we establish in con-  
sciousness the truth Jesus taught  
and practiced, the truth that  
makes free.

**True Prayer**

Such knowing is true prayer,  
prayer without ceasing, prayer  
that is never informative, never  
telling God, the all-knowing  
Mind, something He should or  
should not do.

True prayer, right acknowl-  
edgment and understanding of  
God, Life, and Love, is the only  
way to salvation, to preserva-  
tion from all evil. May we all  
remember and claim, through  
our obedience to divine Love,  
our right to deliverance from  
sin, sickness, sorrow, and death  
—our right to full salvation.

**Health a Spiritual Quality**

By thus working and watch-  
ing we establish in thought,  
consequently in body, our com-  
pleteness—our health. Never too  
strongly can we maintain that  
good health is a direct outcome  
of good thinking, or spiritual  
thinking, so often spoken of in  
the Bible as "righteousness." In  
Science and Health (p. 120) we

are reminded that "health" is  
not a condition of matter, but of  
Mind." Mind spelled with a capi-  
tal M, synonymous with God.  
It is God who supplies health  
just as He does every good and  
right condition. What a man  
thinks, what he is living in con-  
sciousness, is the determining  
factor in all of his human ex-  
periences.

We must never forget that be-  
cause God is, good is. And we  
add to this fundamental truth  
by saying that because God is,  
health is. Health is not some-  
thing to be manufactured, not  
something to be debated or the-  
orized about. Health is a nor-  
mal, divine state of conscious-  
ness belonging to man, the im-  
age, the reflection, of God; be-  
longing to him because of his  
inseparability from his Father—  
Mother, God.

Man, the child of God, is ever  
protected against aggressive  
claims of contagion. Mrs. Eddy  
assures us (Miscellaneous Writ-  
ings, p. 229), "A calm, Christian  
state of mind is a better pre-  
ventive of contagion than a  
drug, or than any other possible  
sanative method; and the 'per-  
fect Love' that 'casteth out  
fear' is a sure defense."

This statement was proved  
true in a family of Christian  
Scientists I know when two of  
its younger members were over-  
taken by what is known as scar-  
let fever. These two young girls  
attended a large public school  
where great fear was expressed  
that the other children who had  
been associating with the Chris-  
tian Science children would in  
all probability experience the  
same disease. This fear was re-

ported to the practitioner who  
was helping the family see the  
utter falsity of the claim that  
disease is in any way a neces-  
sary part of the child of God.

The practitioner saw so clearly  
that because God is the  
source and center of all good  
and right activity, evil, disease,  
being without Principle or real-  
ity, cannot (to use Mrs. Eddy's  
words) "go forth, like wander-  
ing pollen, from one human  
mind to another, finding unsus-  
pected lodgment, if virtue and  
truth build a strong defense"  
(Science and Health, p. 235).

This "strong defense" was es-  
tablished. Not one child in the  
school manifested any sign of  
the disease, and the young pa-  
tients were well in three days.

May we all be ever more alert  
to prove in any time of crisis,  
be it within our own family circle  
or in the community, that the  
"perfect love" that "casteth out  
fear" is a "sure defense." Such  
alertness will bring due reward.  
It assures us of Love's protect-  
ing care, expressed in health,  
joy, and a sweet and comforting  
sense of the peace of God that  
passeeth all human understand-  
ing.

**The Fruits of the Spirit**

The qualities of thought that  
are expressed in "love, joy,  
peace, longsuffering, gentleness,  
goodness, faith, meekness, tem-  
perance" the Apostle Paul tells  
us are "the fruit of the Spirit"  
(Gal. 5:22,23). They are the in-  
evitable fruitage that comes  
when we understand that God,  
Spirit, is the only presence and  
power, and that man, having no  
mind apart from the one perfect  
Mind, God, to guide him, can

express and experience only  
good.

How well Paul knew that this  
most desirable and longed-for  
state of spiritual living comes  
not suddenly, but requires "long-  
suffering," patient endurance  
under hardship, strong and en-  
during realization that good  
alone is power. Such realization  
requires "gentleness"—grace  
and kindness; it requires  
"goodness"—the excellence and  
virtue of right living; it requires  
"faith"—allegiance and fidelity  
to the one God; it requires  
"meekness"—the patience, cou-  
pled with the strength and sin-  
cerity of thought that heals; it  
requires "temperance"—the ab-  
staining from all belief that  
there is, that there can be, any  
reality apart from God, good.  
Against these qualities, "the  
fruit of the Spirit," there is no

law.  
May all that has been said  
about good in this talk, its uni-  
versality, its presence, power,  
and availability fill each heart  
with a song of gratitude. God's  
great purpose for each one of  
His children is that they shall  
express Him infinitely and re-  
flect His great goodness with  
which He constantly endows  
His creation.

With confidence and assurance  
let us lift our hearts and pray,  
as did David of old (1 Chron.  
29:11,13): "Thine, O Lord, is the  
greatness, and the power, and  
the glory, and the victory, and  
the majesty; for all that is in  
the heaven and in the earth is  
thine; thine is the kingdom, O  
Lord, and thou art exalted as  
head above all. . . . Now there-  
fore, our God, we thank thee,  
and praise thy glorious name."

SOMETHING ABOUT A  
PRETTY COTTON DRESS makes  
a woman feel dressed-up and  
youthful for those at-home morn-  
ings. GIESEKE'S have some  
captivating numbers at such a  
low price that you'll want sev-  
eral for those warm summer  
days, too. (Sure, summer is not  
far behind Spring)\*\*\*Some gos-  
samer 51-gauge NYLONS in at-  
tractive new colors, \$1.25 values  
at a dollar\*\*\* Giesek's haven't  
forgotten you men folks for this  
big DOLLAR DAY event either.  
Stock up on ties, they're show-  
ing \$1.49 values at a dollar, in  
smart designs and colors . . .  
And if too many of your hose  
are beginning to have a lace-  
work effect from wear, then re-  
plenish that sock drawer with  
this marvelous buy of 50 pair  
for a dollar. GIESEKE DEPT.  
STORE, 105 E. Davis st.  
SAUSAGE MAKING WAS  
PRACTICALLY A SOCIAL  
event back in the pioneer days,  
just like shingling and quilting  
bees. The men folks gathered  
to help with the butchering and  
making the sausages, while the  
women folks fixed a banquet for  
the whole gathering . . . Mr.  
Krause doesn't need to make a  
social event of his sausage mak-  
ing, because he has machinery  
that simplifies most of the pro-  
cedure. But in net results, his  
full line of home-made sausages  
are really something to taste and  
enjoy . . . You can also buy a  
quarter of beef at wholesale  
prices here, and have it cut TO  
ORDER. A clean store and  
courteous attention will bring  
you back here. KRAUSE'S CASH  
MARKET, 7 E. Campbell, Arl.

DON'T MOVE TO THE SA-  
HARA DESERT if it's privacy  
that you're seeking. Has that  
street-side porch or window been  
bothering you, Venetian blinds  
carry them in a good selection  
of COLORS in both slats and  
tapes, to tie in with decoration

## Northwest Heighters

David Robson, son of Mr. and Mrs. Eldon Robson, with the help of seven of his little friends, celebrated his fifth birthday last Saturday. It was a gala affair from beginning to end. The theme of the party was—Circus, which was carried out through the decorations on through to the refreshments. Of note were the favors made for each child and placed at their respective places at the table. There were funny little circus hats, candy boxes and other typical circus items. There was something extra special about these favors: they were made by David, his Mommy and his Daddy. Even David's cake bore out the circus theme; there was polka dot frosting and the candle holders were made of circus animals. The little guests present were: Mary Ellen Robb, Donna Cameron, Joe Leo, Bobby Skallerup, Patti Ann Ritter, Jimmy Mueller and Susan Grow.

Timmy Garasha, son of Mr. and Mrs. Leonard Garasha, was six years old last Saturday. He marked this occasion with a

birthday party, and Carolyn Bradford and Ann and Billy Warren helped him celebrate the event.

His party had a patriotic theme, red, white and blue decorations, which was also carried out in the refreshments, which consisted of ice cream with little American flags placed in each piece, and angel food cake with red trimming. Games were played, and much fun was had by all the children.

Charles Coakley, father of Mrs. Donald Cameron, celebrated his birthday Sunday. Only members of the family helped him observe this important occasion. They were Mrs. Betty Stump and son, Mark, Mr. and Mrs. Donald Cameron and daughter, Donna. The Coakleys have just recently joined the "City of Good Neighbors," and are busy getting settled in their new home.

**Guests**  
Miss Barbara Schieble, sister of Mrs. Arthur Burgeson, is visiting the family and plans to spend several weeks with them. She resides in Los Angeles, Cal., but has just arrived from an extensive trip to Bermuda and other points. She has a wealth of interesting experiences to tell her sister and family, and they are thoroughly enjoying her visit.

The Alfred Ortis family had Mrs. Ortis' brother and wife and little daughter as guests over the week end. Mr. and Mrs. Ray Purlewski and Gloria, 2½, Mr. and Mrs. Eldred Erickson and two daughters, Suzanne and Bonnie, of Stambaugh, Mich., spent Wednesday and Thursday with her sister, Mrs. Howard Nelson and family. They were on their way back home after vacationing in Alabama and Florida for three weeks.

### Interesting meeting

Mrs. Leo Hanson will attend the Surplus Foods meeting to be held in the Proviso Township high school in Maywood Tuesday. This is in connection with the new congressional law on Surplus Foods as affects the school lunch program, both parochial and public; orphanages, old people's homes, and other institutions. Meeting will be presided over by Mr. Goode of Oak Park who has charge of the entire program for Cook county. The main feature to be taken up is the computation of the cost of these surplus foods from point of origin to point of destination, and plans will be made to set up a pool to pro-rate the share of the costs of bringing these foods

in to the above mentioned institutions in the Cook county area.

**Visiting**  
Little Sandy Hendricks spent the week end with her aunt in Chicago. Mrs. Verna Holliday, Mr. and Mrs. Clifford Troup spent three days with Mrs. Troup's cousin, Mrs. E. J. Brady of Oak Park, last week.

Mr. and Mrs. Alfred Ortis were called to Milwaukee Saturday because of the serious illness of Mrs. Ortis' brother.

**Home from hospital**  
Hugo Eiler returned home last Sunday after spending three weeks in Wesley Memorial hospital. He will welcome visits of his friends to his home.

Robert Evans, who has been in Montreal, Canada, for the past week, will return home Thursday.

Edwin Ackerslund returned Saturday night after making a tour of the Karastan Rug Mills in Gainesville, N. C.

**Former neighbors return for visits**  
According to Mrs. Kenneth Strickler, Mrs. Earl B. Cox, formerly of 934 Princeton ave., who, with her family, moved to Cincinnati, O., last fall, will be in Chicago with her husband at the Stevens hotel March 5. They will probably be out to visit their former neighbors before returning home to Cincinnati.

Mrs. William Morrow and family, formerly of 922 Yale ave., now residents of Galesburg, Ill., will visit with the Edward Muellers and Kenneth Eeles this week. The coal situation is so bad in Galesburg, that Mrs. Morrow decided to take her family "back home" in order to keep them warm. All schools are closed in Galesburg.

**Entertaining**  
Mr. and Mrs. R. J. Ehrke entertained at bridge Saturday evening. Their guests were the James and Maitland families from Chicago and the Drews, Fellinghams and Kenyons of Arlington Heights.

Mrs. Charles Rehfeldt was hostess at a Washington Birthday luncheon on that special day. The patriotic theme was carried out. Her guests were Mrs. Mark Reviston, Mrs. C. H. Rose, Mrs. A. Hall, Mrs. M. S. Malone and Mrs. Richard Meyer. Later all enjoyed a game of canasta.

**Attending educator's convention**  
Russell H. Savage will be away ten days attending two educator's conventions. One is being held in New York City and one in Atlantic City. After the conventions he will visit former Navy friends in Millersville Pa., and Brookhaven, Long Island.

**Operation**  
Kenneth Strickler will undergo another plastic surgery operation March 6. He is hoping it will be his last one. He was in a serious automobile accident two years ago and received facial injuries which necessitated several plastic surgery operations.

Mr. and Mrs. Charles Rehfeldt left early Sunday morning for New York where they will spend one week on a combined business and pleasure trip.

**Van Gogh exhibit visitors**  
Sunday was an eventful day in the lives of the Richard Yeltons. They took their two little daughters to Chicago where they had dinner, and later left the children with Mrs. Effie Suerte, mother of Mr. Yelton. Then they proceeded to the Van Gogh exhibit, which they pronounced excellent. Afterward the Yeltons saw Hamlet and enjoyed it very much.

From me to you  
It has been great fun writing this Northwest Heighter column for the past two months. It has been a genuine pleasure to talk with Northwest Heighters. They have been most cooperative in giving news of their family, as well as giving references regarding others who might be contacted for news in the future.

There have been a few instances, however, where some have hesitated to give any news, or have deemed their news inconsequential, because they thought some one might get the impression they were trying to be in the spotlight or trying to "keep up with the Joneses." Please do not feel this way; we all know there is no such thing as a "limelight" in this column. After reading it, can't you honestly say it is one of the most

## Frances Yeend, leading opera soprano, enchants community concert members

Community Concert members heard a delightful song recital last Sunday evening by the enchanting Frances Yeend, lyric soprano, who appeared at the Arlington Heights township high school auditorium.

As the leading soprano of the New York City Opera Company, Miss Yeend has become a star of the first order. She has toured from coast to coast in solo recitals, and as a member of the Bel Canto Trio, along with tenor, Mario Lanza, and bass-baritone, George London. At an almost precipitous pace, the activities of four seasons have moved this artist to a position of eminence.

The variety of works sung by Miss Yeend in Sunday evening's concert attests to her musical versatility. Opening with Schubert's lovely "Du bist die Ruh" and Schumann's "Widmung," Frances Yeend continued with Rachmaninoff's "In the Silence of the Night." Her beautiful "pianissimo" and purity of tone was at its best in this number.

Her operatic ability was shown in her singing of the "Jewel Song" from Gounod's "Faust" and "One Fine Day" from Puccini's "Madame Butterfly." A group of descriptive songs including the joyous "Carnaval" by Fauré and the concluding contemporary numbers made this recital a memorable one.

Hans Angerman assisted Miss Yeend at the piano and presented a fine group of solos.

This concert was the third one of the current series which concludes March 19 with the dance

informal, newsy columns you have ever read? It is just full of the down to earth doings of all of us as neighbors, who feel pretty good about having a Northwest Heighter column all our own in our home town paper. Won't you please change your mind and come on in and join the fun?

which time every person in this The 1950-51 Community Con-area will have an opportunity to cert Drive has been changed to become a member of the Com-the week beginning May 22 at munity Concert Association.

## St. Peter Walther League to present three-act comedy March 9 and 10

The Walther League of St. Peter Lutheran church, Arlington Heights, will present a three-act comedy entitled "The Life of Riley," by Harvey Mason, March 9 and 10, at the South school auditorium at 8 p. m. Tickets are 65 cents for adults and 40 cents for children.

The cast includes Lois Harting as Lovey Riley; Pat Boettcher as Celia, Lovey's sister; Betty McCall as Mrs. Beulah Masters, mother of Lovey and Celia; Arnold Goebbert as Lovey's adoring husband; Arlene Mahlzahn as Thelma; Joan Meyer Sadie Cohen, the maid; Edgar Pfingsten as Tim the G. Man; Alvin Kehe as Warner Steele; David Karstens as two-time Riley, and Joan Meyn as Mona Morris.

June Rindlisbacher, Mary Lou McCall, Shirley Engeking, Janet Stadel, Darlene Meierhoffer and Ellen Catherwood are members of the publicity committee.

The program committee consists of Joyce Jannusch, Joan Sanders, Elaine Heimsoth, Joyce Drewes, Eric Nelson and Gerald Mollenkamp.

Lynette Nordmeyer, Jennette Oltrogge, Nancy Boettcher and Ronald Nagel are in charge of tickets.

The stage crew and make-up group includes Shirley Stadel, Marian Jaacks, John Leark, Bob Catherwood and Velera Goebbert.

The play is being directed by Lester Rush with the assistance of Kenneth Gronert.

## St. John's Evening Guild to meet, elect new officers

The annual meeting of the Evening Guild of St. John's Episcopal church, Mt. Prospect, will be held March 9, at 8 p. m., at the church. Officers for the year 1950-51 will be elected at this meeting.

Hostesses for the evening will be Mrs. John Havard, Mrs. Robert Hey, Mrs. Theodore Thornton, and Mrs. William Winkler. Last month Mrs. Forrest Blase substituted as a hostess for Mrs. Winkler, who was unable to serve at the last minute. (AM)

## District Legion auxiliary games party this Friday

Ninth District Auxiliary of the American Legion will hold its annual games party jointly with Ninth District American Legion Friday night, March 4. Conley Post Headquarters, 3634 W. North Avenue will be the host for the affair.

This money-making project is the only one sponsored by the Ninth District to raise funds with which to carry out its rehabilitation program. All are invited to come and have an enjoyable evening.

## Engagement announced

Mr. and Mrs. Carl Lundeen of Chicago announce the engagement of their daughter, Bernette to Burton Dahlstrom, son of Mr. and Mrs. Roland Dahlstrom of Mt. Prospect. (AM)

## LaVerne Mahler and Curtis Benton exchange wedding vows in Chicago

Miss LaVerne Evelyn Mahler, daughter of Mr. and Mrs. Fred W. Mahler of Route 2, Des Plaines, and Curtis Benton, son of Mrs. S. F. Baker of Omega, Georgia, exchanged wedding vows February 10 at St. John's Evangelical Lutheran church, Chicago. Rev. Henry Blanke officiated at the 5 o'clock ceremony.

The bride, given in marriage by her father, wore an informal afternoon dress of white crepe fashioned with long pointed sleeves and a side drape ending in a bustle effect. Her fingertip veil was held in place by a tiara. She carried a cascade bouquet of white roses.

Marge Bishop, attending as maid of honor, wore a blue street length dress and carried a cascade bouquet of white carnations and green ivy streamers tied with blue ribbon. She wore a headpiece of white carnations. Bridesmaid Ruth Mahler wore a blue street length dress and

carried a cascade bouquet of white carnations and green ivy streamers tied with pink ribbon. Her headpiece was of white carnations.

The groom was attended by Russell Mahler, brother of the bride. A white carnation corsage accented the blue dress and feather hat worn by the bride's mother.

Immediate members of the families attended the wedding reception held in the home of the bride's parents. Guests included Mrs. Minnie Mahler, paternal grandmother of the bride, Mr. and Mrs. Russell Mahler, Thelma Posey, Ralph Primm and Helen Fiser of Chicago; Mr. and Mrs. Paul Bishop of Bensenville, and Mr. and Mrs. Jack Hamilton of Des Plaines.

The newlyweds honeymooned in southern Illinois and St. Louis, Mo., and will make their home at 3332 N. Octavia ave., Chicago.

## Christened Sunday

Mr. and Mrs. Dale Phillis of 204 W. Fremont, Arlington Hts., had their infant daughter, Linda Lee, baptized at St. John's church in Elk Grove Sunday. Rev. F. L. Gehrs officiated.

The sponsors were Orland Busse of Arlington Heights, Mrs. Harold Gatzke of Woodstock and Mrs. Ray Willert of Arlington Heights.

The Phillis' entertained 15 guests for dinner and 27 for supper in honor of the occasion.

## Arctic Travel

Experts on Arctic travel say that the successful explorer should be equal to walking as far in a day as his dogs can pull the sledge and camp equipment. Even when rations are short for both man and animal, the practical advice is not to skimp on food for the dog team, since weakness in the dogs will only result in slowing all in progress of the expedition toward the safety of a settlement.

## NWPTA council to hold election Friday, March 10

Member PTA units from as far north as Barrington and south to Park Ridge will be represented at a meeting of the Northwest Suburban Council, to be held at the Community church in Park Ridge Friday, March 10. The meeting will be called to order by Mrs. Emil Fick of Des Plaines at 10:00 a. m., with registrations starting at 9:30.

Following the transaction of necessary business and election of new officers, Mrs. M. R. Buf-ton, Council Music Chairman, will present effective ways of using "Music in Your PTA." At 11:45 luncheon will be served in the church dining room.

For the afternoon session, beginning at 1:00, an informative symposium has been planned, as follows: "What's New in Legislation," by Mrs. Irwin Giesse; Council and District Legislative Chairman: "Safety for Your Child," by Mrs. H. S. Pierson, District and State Chairman of Safety; "Your Child's Speech—What You Can Do," by Miss Jean Zellman, Speech Correction Teacher for Mt. Prospect Heights and East Maine Schools; "Expanding Parent Education Activities in your PTA," by Mrs. Henry O. Marcy III, council board member. Adjournment will be about 2:30 p. m.

Anyone interested in the work of the PTA is invited to attend this area meeting. Reservations for luncheon must be made by March 7, either through a local PTA president or by calling Mrs. Marcy, Park Ridge 2379. Special parking tickets for the day will be issued at the church. One of these tickets attached to any parking meter in the vicinity of the church (which is located at Prospect and Vine in Park Ridge) will insure free parking for the duration of the meeting.

## Stork feathers

Mr. and Mrs. L. C. Temple of Des Plaines, announce the birth of their daughter, Terry Louise, born February 26 at the Memorial hospital in Elmhurst weighing 7 pounds 11 ounces. Mrs. Temple is the former Norma Garrison of Bensenville. (DC)

## Engaged to be wed

John Palman of 440 N. Easy st., Palatine, announces the engagement of his daughter, Maria Schuhow to Leo R. Plumbhoff, son of Mr. and Mrs. Floyd Plumbhoff of 238 N. Benton st., Palatine.

## Celebrate golden wedding anniversary

Mr. and Mrs. Dick H. Smith of Arlington Heights, celebrated their golden wedding anniversary, February 26, with a party for 40 relatives and friends from Palatine, Arlington Heights, Mt. Prospect, Chicago, Rosville, Ill., and Stephenson, Mich. The dinner party, complete with wedding cake and bridal decorations was held in the home of their daughter, Mrs. Garnette Green of Palatine.

Both Mr. and Mrs. Smith were born and reared in Rosville, living there until 1927, when they moved to Arlington Heights. Mr. Smith, 72, has owned and operated grocery stores nearly all of his working years. He is now with an Arlington Heights firm manufacturing radio parts. Mrs. Smith, 70, is the third generation of her family to observe a golden wedding. Her mother's family, the Campbells of Rosville, extends back to the family of Martha Washington.

Among family members to attend the party was their only grandson, William Green, of Fox Lake.

## Presbyterian church sponsors afternoon program for 5th and 6th graders March 7

The First Presbyterian church of Arlington Heights will again open its doors March 7, to all students of the fifth and sixth grades.

This planned program for these students who have a free half-day proved so successful last month that the Department of Christian Education of the church has decided to make it a regular monthly event until the end of this term.

The afternoon starts at 1:30 with a colored sound film of educational value. The film to be shown this month is an exciting film of Jet Planes, published by Westinghouse Electric Corporation. This film will be followed by two cartoons.

The gym will then be opened for supervised play and recreation. This afternoon of fun is given to the students with no charge.

## Board meeting of St. John's Evening Guild tonight

This Thursday evening, Mrs. Robert Geddes, president of the Evening Guild of St. John's Episcopal church, Mt. Prospect, is calling a board meeting of all officers and chairmen of the standing committees at the home of the treasurer, Mrs. Theodore Thornton of Mt. Prospect. (AM)

## Take vows recently in California

Mr. and Mrs. Bowman H. Evans, who were wed December 16 at the Wee Kirk O' the Heather in Glendale, Calif. Bowman is the son of Mr. and Mrs. Henry Evans of Northbrook, and the bride is the daughter of Mr. and Mrs. Van A. Gatewood of Bank, Calif.

The newlyweds are making their home in Inglewood, Calif.

## "TO THINK I DESPAIRED OF EVER GETTING MARRIED!"

Here's great news for you if you've been bothered by excessive fatigue, constipation, weakness and 'nerves' due to the fact that you do not get enough B-Vitamins in your diet.

Bexel Special Formula, a new scientific product, combines the important B-Vitamins with Iron! Also Choline, Inositol and Liver in supplementary quantities.

Everybody knows the importance of Iron in your diet...how it helps the body to build RICH, RED BLOOD. One capsule of Bexel Special Formula (that's all you take a day) contains 5 times the minimum daily requirement of Iron. Also 5 times

the minimum daily requirement of Vitamin B<sub>12</sub>.

Evelyn Del Nero, 4500 Hudson Blvd., Union City, N.J., says: "Since I started taking Bexel Special Formula, I've so much more pep and energy that the boys have started calling me Ginger...and better yet...keep calling me for dates. I can have my pick of them now...and to think I despaired of ever getting married."

Try Bexel Special Formula yourself. You get your money back if you don't feel decidedly better in 30 days!

## From Germany

Raymond J. Hansing, son of Mr. and Mrs. John Hansing of 118 N. Vail, arrived in Washington by plane February 17 from Germany. After spending a week in Washington on business, he visited his parents for a week. He returned last Friday to Massachusetts, where he will fly from the Westover Military air base to Frankfurt, Germany. Before his return to Wiesbaden, Germany, he will go to Paris on business for a week.

## Entertained recently

Mr. and Mrs. George Daples entertained Mr. and Mrs. Nathan Duval Saturday night.

Mr. and Mrs. William Walton entertained guests for dinner Saturday night. Among those present were Mr. and Mrs. John Rees of Oak Park.

Sunday Mr. and Mrs. James Dougherty entertained Mr. and Mrs. Brown of Cumberland.

Mrs. Clara Stoffel, her daughter, Roberta, and Robert's husband, Don, were Sunday visitors at the Harold Stoffel home.

## Returns from Florida

Mrs. William Godfrey returned Friday from Fort Lauderdale, Fla. She went to Florida a month ago with Mrs. Peter Atwood, and Mr. Godfrey joined them down there. Mrs. Atwood will stay on in Florida until June.

## Out-of-town guest

Mrs. Ellen Sprecher of Milwaukee spent three days last week with her sister, Mrs. George Orth.

Mr. and Mrs. LeRoy Boeger and children, Roger and Nancy attended the wedding of their nephew, Harold Fricke, in Chicago.

## Celebrates birthday

Relatives and friends will help Mrs. Alex Stonefield celebrate her birthday today, Thursday.

Mrs. C. F. Hansen will entertain her mother, Mrs. Gertrude Harding of Chicago, over the week end. Mrs. Harding will celebrate her birthday at her daughter's home March 5.

Kathleen Coffey celebrated her third birthday last Thursday afternoon by having several of her little friends over for ice cream and cake.

## Visits daughter

Mrs. J. Erickson of Sioux City, Ia., spent a week visiting in the home of her daughter, Mrs. Arthur Cole.

Friday afternoon Mrs. Garofalo entertained several ladies for luncheon and cards.

Miss Taps Hines returned to Arlington Heights Sunday evening after spending a week in Leo, Ind., taking care of her mother, Mrs. A. D. Hines, who is recuperating after having been injured in an automobile accident.

## To attend circus

Mr. and Mrs. Herbert Olson and Alice Ann, and several friends will enjoy the Shrine Circus at the Medinah Temple Friday evening.

Mr. and Mrs. Louis Pedersen entertained Mrs. Pedersen's brother and sister-in-law, Mr. and Mrs. Emil Zeller, of Chicago, Sunday.

Anthony Stoik, sixteen month old son of Mr. and Mrs. Eugene Stoik, returned home Monday evening after spending eight days in the Evanston hospital because of a virus infection.

## Visits grandparents

Donna Rae Pedersen, of Edgemoor, spent a few days visiting in the home of her grandparents, Mr. and Mrs. Louis Pedersen.

Sunday visitors in the home of Mr. and Mrs. Lyman Lloyd were Mr. Lloyd's aunt and cousin, Mr. and Mrs. William Rapp and Mr. and Mrs. Albert Kuhlman of Chicago.

## American Legion Auxiliary Notes

A regular monthly business meeting of Merle Guild unit 208 American Legion Auxiliary of Arlington Heights, will be held at Legion hall March 7 at 8 p.m. March 5, Merle Guild Post, the Auxiliary, their family and guests will gather at Legion hall for a 6 o'clock pot luck supper and social gathering.

Eighteen Auxiliary members attended a social meeting at Legion hall February 23. The evening was spent in playing games and dainty refreshments were served.

## Juvenile detention home head to speak before district Legion auxiliary

Mr. Audy, superintendent of the Juvenile Detention Home will be guest speaker at the ninth district meeting of the American Legion Auxiliary. It will be held March 16 at Wilson Park field house, 4630 N. Milwaukee ave., at 8 p.m.

In his address Mr. Audy will outline some of the programs carried out at the Detention Home and tell of his experience in working with delinquents.

Florn Hagermann, ninth district Pan-American chairman will also present a program on the United States relationship with our Pan-American neighbors.

Mr. and Mrs. Glen Benson left last week for a two week business and pleasure trip to Atlantic City and New York. While they are in New York they will visit with Mr. Benson's family.

E. H. Ingles of 220 S. Chestnut was called home to Mulberry Grove Saturday morning because of the serious illness of his father, Edgar Andrews. Mr. Andrews was operated on yesterday (Wednesday).

Mr. and Mrs. C. A. Hendrickson returned this week from a trip through Virginia. They visited Mr. and Mrs. D. D. Florence of Limestone, Keswick, Va. En route home they visited friends at Philadelphia and Pittsburgh.

Mr. and Mrs. Fred Mueller Jr. celebrated their 13th wedding anniversary Tuesday.

## Training program acquaints parents with Cub Scouting

A Cub Scout training program for parents is being offered through the courtesy of the Northwest Council at the North school, Arlington Heights, March 3 and 10 at 8 p.m.

This program is designed to acquaint parents with what Cub Scouting is, its purposes and objectives. The Cub program is explained by competent leaders in Arlington Heights and Scout executives in Park Ridge who are interested in the boys in Arlington Heights.

The first meeting of the series was held last Friday in the auditorium of the North school and was well attended.

Parents are urged to attend these meetings as there probably will not be another such program in Arlington Heights for at least three years.

## Club Calendar

## Dough Rises

Consumption of bread and other baked goods has increased to the point where every man, woman and child in the United States spends an average of approximately 26 dollars each year for bakers' products.

## FAVORITES

## For FLAVOR

### by MARILYN McLENNAN

The place is the Emil Heidenreichs', Horatio Gardens, Prairie View, Illinois. The occasion—a card party, a bowling club meeting, or an informal evening of fun. The refreshments—a delicious lunch and Agnes' famous Apple or Cheese Strudel.

What ever the occasion, Agnes Heidenreich has disappointed guests if she fails to serve her well-known strudel. "I find myself making strudel all the time as my family and friends call for it often," said Mrs. Heidenreich.

Flour, egg and water are combined with a little salt and are kneaded until they become so elastic that the dough can be stretched until it is as thin as paper.

The dough is then sprinkled with fruit, butter and nuts, rolled like a huge jelly roll, twisted into a pan and baked in a moderate oven. The result is superlative!

Strudels always have a history. This one originated in Austria first made by Agnes' grandmother and then handed down to her mother, from whom she learned the art of strudel making.

### Apple or Cheese Strudel

3/4 cup lukewarm water  
1 egg  
1 tablespoon butter (melted)  
2 1/2 cups sifted bread flour  
1 teaspoon salt

To make the strudel: Measure flour and resilt with salt into a large bowl. Combine melted butter, egg and warm water and pour gradually into a well (made in the middle of the flour). Stir until the flour is well moistened and the dough is stiff. Knead on a lightly floured board until the dough is shiny. Cover and let stand for 20 minutes.

Apple filling:  
3 good sized apples  
1/2 cup raisins  
1 cup crushed walnuts  
3/4 cup brown or white sugar  
2 teaspoons cinnamon  
2 tablespoons butter

To make the filling peel and slice apples, add raisins, sugar and cinnamon which have been thoroughly mixed together.

The dough is then rolled and stretched carefully to paper thinness. This is done on a large table covered with a cloth. Spread the filling on the dough, dot with butter and roll up like a jelly roll. Place in a shallow, long pan which has been well greased and bake in a moderate oven until brown and the apples are tender.

As a variation Mrs. Heidenreich makes this cheese filling. Cheese filling:  
2 cups cottage cheese  
1 egg  
1/2 cup sugar  
1 teaspoon powdered pepper-mint leaves.

## 100 new residents attend Newcomer's pot luck supper

Well over 100 new residents of Arlington Heights—members of the Newcomers club and their husbands—attended a pot luck supper at the field house last Thursday night. Each member contributed toward a huge spread of delicious food. A small army was consumed down to the last crumb by the hungry crowd.

After supper an informal program of entertainment consisted of community singing and cut-in dancing, the latter to juke box music. During the evening a number of the men present signed for membership in the newly formed Men's Group of the Newcomers club, which will hold its next meeting March 13, at Legion Hall. March 30 is the date of the Newcomers' next regularly scheduled get-together, and this will again be held at the field house.

### Camel, "A Sullen Beast"

The World Book encyclopedia describes the camel as "a shaggy, awkward, stiff-legged, goose-necked, humpbacked beast. It has a split upper lip, popeyes, loosely hung jaws, and a stupid sad expression on its too-small face. Its temper is sad and sullen, interrupted by fits of anger and rage. The camel's personal habits are so bad that it has few friends, even among other camels."

## CIRCLING THE TOWN

BY PHYLLIS KNIGHT

Even though the weather belies it, the fact is that Spring is in the air! A sure sign is that the first of the spring fashion shows is scheduled for next Tuesday evening at the high school. St. Peter Mother's club is sponsoring it, and Mrs. Tillie Mensching of the Lorraine-Anne shop promises a galaxy of outfits for the little child, the junior miss, the woman who wears a misses size and for those who wear the smart new styles in half-sizes.

A fashion show featuring more than thirty local models, all wearing reasonably priced clothes, plus cake and coffee is offered by the club for the admission price of 75 cents. Tickets may be purchased from any member of the club or from the Lorraine-Anne shop.

The tiny tots who invariably steal the show will model such outfits as mannish spring coats for the boys, in tweeds, cover and other such fabrics often fancied by their dads. The young ladies will model, among other things, adorable hoop-skirted dresses. These dresses in either plaids or pastels are complete with a removable hoop and make the tot look like a child of long ago (except, of course, for her bobby sox).

Among the junior miss outfits are many by the famous Jonathan Logan, famous stylist for the young in size. The junior size, Mrs. Mensching points out, is not strictly for the young, it is for any woman whose dimensions coincide. Square dance dresses in gingham and calicoes in a variety of gay colors are others which will be modeled by the juniors, who will probably add realism to their modeling by doing a grand right and left or a sashay right.

Suits, in a moderate price range and in both wool and rayon, will be featured for all sizes and ages because most women seem to feel that spring isn't really spring without a new suit. The pre-teen sizes show a whole group of suits suited to them in style and color. In the misses sizes and in half-sizes as well suits will be shown in tweeds, colors and monotonies. Toppers, which can be worn over them or with a dress, will also be modeled.

## Marilyn Miller to be April bride; honored at bridal shower

A surprise bridal shower was bestowed on Miss Marilyn Miller of Wheeling Monday evening. Co-hostesses were Mrs. Mary Jane Koeppen and Mrs. Lois Hamren, who will both attend Miss Miller at her wedding.

The party, held at the Koepen home, was attended by 20 guests. A large umbrella dropping streamers of pink, white and yellow crepe paper, was draped over the lovely gifts received by the bride-to-be. After the gifts were opened the guests played buncos and were later served a buffet lunch. Miss Miller will become the bride of Robert Ims of Rolling Inn April 15.

## YOU'VE A DATE WITH SPRING

## — and your Buick Dealer

YOU read it on the calendar—and you feel it in the air.

Spring—and the outdoors calling—and that lively jubilation that comes with winter's passing.

And nowhere is the spirit more in evidence than at your Buick dealer's.

For it's Spring Jubilee time with Buick. Time to trot out and show off all the gay and brilliant beauties of his 1950 line.

Time for you to sample, in proper setting, all the new life and brilliance of Buick valve-in-head straight-eight power—time for you to meet the greatest cure for spring fever known—the easy, effortless, mile-mastering stride of a Buick under your command.

There are wonderful things for you to look into:

A Riviera at Sedan prices. Two-door Sedanets, four-door Sedans in a wide range of power and prices. Convertibles, Estate Wagons, a Coupe—cars for every taste and practically any budget.

There are even gay new spring colors to help you meet the season in proper garb. And of course, if you haven't yet done so, there's Dynaflo Drive® for you to meet and sample.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

### Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLO DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher

# COACHES SELECT OWN NORTHWEST LEAGUE ALL-STAR TEAM

## Palatine bows out of tourney against Crystal Lake

Palatine Pirates are hanging up their suits this week when they enter regional play at Elgin against Crystal Lake Wednesday night. The locals will have bowed out of tournament competition in that game, according to the experts. Pictured above is the varsity squad.

Front row, left to right: Manager John Wilson, Matt Merfeld, Donald Rogers, Ray Mair, Vernon Guenther, Fred Herberts, Ronald Bopp.

Back row, left to right: Richard Ross, Ralph Sherman, Donald Klein, Bob Steinbrink, John Waznik, Ray Sievers, Coach Earl Stutzman.

## 3 Mount Prospect teams enter cage tourney

Three victories for St. Paul's of Mt. Prospect Walther League basketball teams were taken in games played in Lincoln school in Park Ridge Sunday.

St. Paul's Sr.'s took first place in the Northwest Suburban zone of the Walther League basketball tournament by trimming Our Saviors, of Norwood Park 41-36. Mt. Prospect's team will play South Shore at River Forest Saturday, March 4, at 7 p. m. Coach Charles Nitz says his team has very fine team work and had six victories and no defeats in the second half of the tournament.

St. Paul's Jr.'s, under the capable coaching of John Thill, took first place in their division of the Walther League tourney by trimming St. Andrews of Park Ridge last Sunday by a 33-31 tally. Next Sunday, March 5, St. Paul's Jr.'s will play the winners of the West Suburban zone in a tournament held at Foreman high school in Chicago at 4 p. m. Bobby Schulze and Ronald Thill were picked for the all-star team.

St. Paul's girl's basketball team under the direction of Larry Hodges, won 25-14 over Park Ridge last Sunday. The girls will play in the tournament to be held in Forest Park next Sunday.

**Marine Corps**  
The marine corps has its own correspondence school and instruction in some of the arts, trades and sciences is given Leathernecks anywhere they may be stationed.

## At Elgin

### Tuesday results

Elgin 73, McHenry 29.  
Arlington Heights 34, Woodstock 31.

### March 1

No. 3—6:45 p. m., Crystal Lake vs. Palatine.  
No. 4—8:30 p. m., Dundee vs. St. Mary's winner, probably Hebron.

### March 2

No. 5—6:45 p. m., Tuesday winners.

No. 6—8:30 p. m., Wednesday winners.

### March 3

No. 7—8:00 p. m., Thursday winners for championship. No consolation game.

## At Evanston

### Tuesday results

Evanston 42, Zion Benton 29.  
Waukegan 54, Libertyville 39.

## Grade school tourney finals this Friday

Wheeling public and St. Peter Lutheran grade school cagers emerged victorious in the opening round of play in the Arlington Heights grade school basketball tourney. Second round was slated for Wednesday afternoon of this week with the finals scheduled for Friday afternoon in the Heights high school gymnasium.

St. Peter, directed by Coach Rush, notched a 15-9 win over St. James Catholic with five boys accounting for all of the scoring. St. James was slow in starting, but kept up with the Lutherans the second half. Harting's eight and Hoth's six were tops for the winners.

For the losers Hutchinson scored five points at center, while Amand notched four at guard. Father Rosemeyer coached this five.

St. Peter 5 7 12 15  
St. James 0 4 6 9

**WHEELING** took the measure of Prospect Heights in the second contest Monday, 32-10. The winners had a bad opening period, 2-2, but 12, ten and eight points were registered the other three quarters.

W. Brum led the way at the basket for Coach Norris' winners while Fritz accounted for ten, Dever, Mayer, L. Brum, Krause and Carter each tallied two for Wheeling.

Innes with six, Meeker with two, and Eckhard with two were the offensive strength for Prospect Heights coach Kibbie.

Wheeling 2 14 24 32  
Prospect Hts. 2 6 8 10

**WEDNESDAY** contests found St. Peter meeting Arlington Hts. public school at 4 p. m. Wheeling took on Mt. Prospect public school at 5 p. m.

Consolation game will be played at 4 p. m. Friday, while the trophy contest is slated for 5:00 p. m.

All games are played in the high school gym with officiating under the direction of members of the high school athletic department. Public is invited to attend the final games. No admission will be charged.

## Northbrook upset by Antioch, 42-37

by WARNER BACHAR

Northbrook's hopes for further advancement in the district tournament were quickly erased by Antioch in Barrington. The score of the game was 42 to 37. Previously during the season Northbrook had beaten Antioch twice, one game being by 2 points, the other by 9 points. Northbrook's inaccuracy to score on baskets proved to be a main factor in the loss of the game. The Vikings scored on 14 out of 70 attempted shots.

The Sequoits took an early lead of 9 points at the first quarter, but a Viking rally whittled it down to 2 points at the close of the third quarter. Through the last quarter the score was fairly close, but Antioch took a reliable lead with a few minutes left and stalled until the end of the game. Cardiff topped the scorers with 13 points.

## Arlington meets Elgin at 6:45 Thursday night

by RON PRELLBERG

Arlington's first regional victory was staged Tuesday night at Elgin when Sanford Carter, up and coming junior reserve,

## Reserved seats on sale for Elgin game

Plenty of reserved seats are now on sale at Arlington Heights high school office for Thursday night's Elgin-Arlington contest in the regional.

The ducats, 721 strong, are priced at \$1.00, but must be acquired at the office before 1 p. m. Thursday, March 2.

threw in a total of 15 tallies to lead his mates to a 34-31 triumph at the expense of the Woodstock Blue Streak quintet.

The Cards started out strong the first half by accounting for an 11 marker half way lead, 27-16 but the Red Bird domination was soon cut short as Woodstock completed the third and fourth frames in fine style, 15-7. The Cards started slow in the first period, claiming only a 1 point margin, 10-9.

Sanford Carter and Don Larsen accounted for the local seven tally count the second half, with Carter hitting Arlington's entire total of 5 for the third period and Larsen putting the game on ice for the Red Birds in the fourth by notching his only basket with ten seconds remaining.

The locals will be gunning for an upset when they meet a mighty Elgin five in their second tourney appearance Thursday at 6:45 p. m.

## Bensenville loses to Hinsdale in regional

Hinsdale dropped Bensenville from state title consideration Tuesday afternoon in the Glenbard regional when they garnered a 26-17 first half lead and hung onto it the rest of the game. Final tally was 47-38.

All-round scoring by four boys featured the play of Coach Frank Navotny's Northwest conference five, as Anderson and Erickson shared honors with 11 apiece. Brown arched eight, Egly accounted for seven.

## Mt. Prospect Walther League vs Des Plaines in benefit game Mar. 16

Cub Scouts of Pack 251 of the Mt. Prospect Evangelical Lutheran church are sponsoring a basketball game to be played at the Mt. Prospect public school, at 7 p. m., Thursday, March 16.

The main game of the evening will be between the Walther League teams of St. Paul's Lutheran church, Mt. Prospect, and Emanuel Lutheran church, Des Plaines. A preliminary game will precede the "main go."

John Thill, coach of St. Paul's team and treasurer of Pack 251, is chairman of the committee.

Admission for adults will be 60 cents; children 35 cents.

Proceeds of the games will go into the Cub Pack's treasury for general expenses of the pack and for handicraft material for the three dens.

# Pirates falter in final frame and lose sleighbells contest, 47-41

by RON PRELLBERG

Three senior Cardinal cagers rounded out their 1949-50 home basketball careers in fine style Saturday night on the local hardwood by trouncing the neighborly Pirate five of Palatine 47-41, before a capacity crowd. A 20-point total claimed by senior Gordon Busse brought forth one of the most outstanding displays of ball handling and shooting technique ever witnessed on the Cardinal floor.

Two other seniors, Bill Morrison and Jim Brown, who saw action for the last time on the local court, did a tremendous job in the Card behalf at forward and guard, by falling into the third and fourth tallying positions with six and five respectively leaving Don Larsen, Junior center, to take second honors with eight.

Coach Gene Bell led his Arlington bucketeers against Woodstock Tuesday night in the Elgin high school gym in their first regional appearance at 8:30 o'clock and if the Cards managed to subdue their opponents they

will again be invited to match their strength and wits with that of the Elgin High's quintet Thursday.

**THE RECENT** improvement of the Palatine cagers provided the setting of a nip and tuck battle in the opening half with neither team claiming the lead at the end of the second period, 23 all. The Pirate strategy board was quite profitable for the visitor in the first frame when two of fense rebounds were put back up for the tally thus aiding the Pirates in posting a 12-10 first segment lead. Gordon Busse and Bob Fasick spirited the Red Bird offensive attack in the first and second frames by accounting for 16 of their mates' 23 total for the half.

Arlington, by applying an entirely different offensive system the third quarter, nosed out their Palatine opponents, 32-30, and were equally successful in obtaining a 13-9 margin over the visitors in the final frame, setting their final reading at Heights 47, Palatine 41.

The Cardinals' modest press did wonders for the local lads allowing but three field goal attempts to drop in for the Pirates while it permitted Arlington to steal the ball for at least four of the nine from the field notched by the Cards the second half. A good deal of local fouls were contracted from the Cardinal half press, however, giving Palatine's Don Klein, Bob Steinbrink and John Waznik enough headway to divide between them a 31 counter total.

The Pirates showed plenty of scrap and good coaching, and it is the hope that they make a good showing in the Elgin regional.

**THE AHTHS** Cardinal sophs, besides gaining revenge over Palatine, concluded their '49-50 schedule in fine fashion when they piled up a total of 33 compared to their opponents' 21 in place nine of their scheduled games in the win column and leave 12 to be marked up as losses.

This year's frosh-soph record for the local cagers fell short of the satisfactory mark but the improvement shown by such bucketeers as Jay Vawter, Phil Knoepfel, Ronnie Grace, Eddie Collins, Bob Chamberlain and Jim Intravito is more than an indication of the effort and time put in by these boys and their coach, Jim Thon.

Phil Knoepfel and Jay Vaw-

ter for the third successive time were the dominant characters in the local offensive setup, Phil grabbing the highest honors with 11 and Jay not far behind with nine to his credit.

**A SLOW START** was gotten by the Arlington bucketeers in the first quarter as they gave way to a 2 marker Palatine margin, 9-7, but with the able assistance of Phil Knoepfel, Jay Vawter and Ed Collins, the Cardinals fought their way to the front in the second period, 14-12. Clear sailing faced the Cards in the third and fourth frames, leaving the home squad with a 26-18 third segment advantage and a final 33-21 fourth period showing.

The Red Bird five exceeded their opponents in both the offensive and defensive fields of endeavor, first showing up the Pirates offensively by notching 13 baskets to their visitors 7, and second by collecting 13 personals while the Pirates took 15.

## Palatine softball team joins league

Palatine's softball team officially became an entry in the newly-organized Illinois softball league which met in Libertyville last week to formulate plans for the 1950 season. Joining with Oak Park, Maywood, Libertyville, Des Plaines and Barrington to form a six-team league, the Palatine squad will play 20 league games.

All of the league teams have very modern lighted fields with the girls' softball arena in Des Plaines becoming the home diamond for the Des Plaines team. A very large guarantee fee must be posted by all teams. The league will have its own official ball with the name printed on it as well as each player wearing an official emblem on his uniform.

To be known as the Libertyville Comets, Lake County will be represented in the league along with the Barrington Bears who are expected to be a strong contender for the title.

President of the Illinois softball league is Art Plotter of Oak Park who formerly hurred for the Chicago Match of the National softball league. He will manage as well as hurl for the Oak Park club. The next meeting of the league is slated for April in Des Plaines.

## Niles loses to Leyden, New Trier

by AL KRUEGER

The Niles township high school varsity basketball team concluded their regular season's play last week by dropping games to Leyden, 65 to 51, and New Trier 51 to 39. The Trojans posted an unimpressive record of seven wins, while dropping 14 contests.

Last Tuesday, February 21, the Leyden Eagles whipped the Men of Troy, 65 to 51. The game was a nip and tuck battle for the first three quarters. Niles led 12 to 3 at the first period, and 29 to 28 at half time. The Franklin Parkers pulled ahead 34 to 29 in the third period. The Eagles became red-hot while the Trojans turned to ice cubes in the final period.

**FRED LOFGREN**, Leyden forward, chalked up 20 points while Sam Mascia, Leyden center, rang up 12 markers. Richie Spera, Leyden guard, played a sparkling floor game and netted 9 points. Fred Brei dropped 16 points through the nets while Ralph Bruck sank 14.

Eleven Trojans played their final home game. They were Fred Brei, Ralph Bruck, Joe Donovan, Dick Erickson, Pete Heininger, Jim Johnson, Lenny Lange, Ken LaPlant, George Mueller, Jim Nock and Harry Siemsen.

The Trojans traveled to New Trier on Friday, February 24, and were whipped 51 to 39. New Trier took an early 16 to 7 lead and held that margin over the Trojans throughout the contest. The Winnetkans led 22 to 15 at the intermission. In the third period the Trojans trailed 43 to 25. The Trojans rallied in the final period chopping six points off New Trier's lead.

Tom Covell, the Suburban League's leading scorer, hit for 16 points while Ronnie Mahaffy tallied 14. Ken Howard and Ralph Bruch registered 12 and 11 points respectively.

Mothers find stainless steel safety pins sanitary and easy to use because they don't corrode.

## Busse leads mates over Palatine

Arlington retained the sleighbells Saturday night against Palatine, 47-41, and one of the chief reasons was Gordie Busse, shown above going up for another one. He made 20 points. Palatine players seen are John Waznik (24), Ray Sievers (35) and Bob Steinbrink (31).

## Libertyville gains repeat victory over Heights, 33-49

by RON PRELLBERG

An over-confident attitude prevailed among the Cardinal ranks midway in the third quarter when the local cagers held possession of a 10 marker lead but in a few minutes the Cardinal domination was put to a sudden end as the Libertyville Wildcats quickly closed the gap and emerged a 33-29 winner over the host Red Bird five last Friday night. This was the second triumph for the Wildcats at the expense of the Cards, the first coming at Libertyville where a 29 to 22 shellacking was administered. Arlington grabbed a dismal one-tally advantage in the first segment, 6-5, but did better in the second by accounting for a 5-point margin, 15-10, only again to drop back in the third period to a weak 2 counter separation 23-21. Cardinal individualism was placed far in the background throughout the evening as seven counters of Bill Morrison were given top honors, while Gordon Busse and Bob Evans, playing equally as well, notched six and five respectively.

**THREE POINTS** were garnered in the early moments of the first frame by the visiting five before a charity toss by Bob Evans broke the ice for the Cards. An exceptionally tight battle was then staged by the two squads with Arlington receiving the better end of the tussel as the period ended, 6-5. Arlington scoring chores were distributed mainly between Bill Morrison and Gordie Busse in the second period, while the Cats of Libertyville banked on Bill Morrison who showed a brilliant competitive spirit and also took their scoring spotlight with a total of 9, and Dick Miller to strengthen their second frame victory bid.

Each squad began their second half bid by playing slow and deliberate ball. This slow and deliberate play proved more than advantageous to the Cardinals at first but the final outcome of the third segment found the Wildcats slowly eliminating their opponents lead until a slim 2 point margin was had by the locals, 23-21.

The lads from Libertyville were destined to even it up at 27-all despite the attempts of the Arlington bucketeers to halt their opponents' fourth frame rally. With three minutes remaining the Cards advanced to within 3 points of the visiting 'Cats, but a series of free tosses clinched victory for Libertyville.

The six Cardinal juniors and six sophomores who participated in their final JV tilt of the year made good by swarming over Libertyville, 29-17. All but one marker of the local scoring was laid by the Cardinal second yearers, Phil Knoepfel with nine, while Ronnie Grace and Jay Vawter ranked next with seven apiece.

Bob Porter gave the Cardinal defense its biggest jolt by garnering six in Libertyville's favor, but this total helped the Wildcats little as 12 points favored the Arlington cause at the final reading.

**IT WAS TOUGH** sledding for the local quintet in the first two periods, leaving their Libertyville opponents with a 23-21 lead.

## Illinois to meet NU in Stadium Saturday night

Northwestern revived Saturday night to rap out a convincing defeat against Michigan at the Stadium, but faltered again against Wisconsin Monday night at Madison. This Saturday night the Wildcats will have their last chance before Stadium fans when they take on Illinois in the final college doubleheader of the season.

Illinois certainly rates the favored spot, both in the standings and against NU's past performances. The Illini have a 6-5 slate while the alleged Wildcats are in a tie for seventh spot with a 3-8 record.

Outside of college pride, only thing at stake Saturday night in the opening contest will be whether Wally Osterkorn of Illinois can become the eighth conference player ever to get 200 points in a single season. He needs eleven points to cinch the record.

**DEPAUL** takes on Bowling Green in the nightcap. The Chicagoans, playing the toughest schedule of any in the country, outpointed Lawrence of Detroit Monday night of this week, 73-53. Jack Lahey led the way with 25 points, and will be out to garner another score against the Easterners.

Bowling Green, which recently saw its 63 game home win streak broken by Loyola, has a 17-10 record. In spite of DePaul's 12-12, the game should be a close one. This expert sticks with DePaul.

## Minor changes in Lutheran bowling

Only minor changes were evident over the week end in the Lutheran bowling tournament at Meier-Heids Recreation in Palatine. A Oehlerking of Arlington Heights took over seventh spot in the singles.

Lead in the team event was taken over by Redeemer of Rockford. The western five rolled 3089.

**Arlington frosh whip Libertyville in final**  
Arlington Heights frosh cage team copped a hard 27-22 contest against Libertyville Tuesday afternoon on the local court. The Cards held a 12-10 lead at the half, and extended it to a nine point margin. Two quick buckets by the losers in the closing minute shortened the victory margin in the five point final.

For Coach Bus Ormsbee, the win represented the conclusion of the frosh schedule with a good 10-4 slate tucked away. And the final game certainly showed plenty of improvement for particularly the starting five in their best game of the year. Five boys who looked good and show plenty of promise include Dick McAluffe at center, Tom Bowersox and Herb Gorder at forward, and John Eakins and Roy Hinneberg at guard.

**World record muskies on exhibit at sport show from March 3-12**  
World record muskies will make their bow to the throngs that attend the Annual Chicago International Sports and Outdoor Show at the Amphitheatre from March 3 thru March 12. The two largest muskellunge ever taken on rod and reel will be featured in special exhibits that will be arranged to thrill the attendance. The record was first broken by Cal Johnson when he captured a lunge weighing 67½ pounds that measured 60¼ inches in length, with the largest girth measurements of any muskie ever taken in history, 33½ inches, on July 24, 1949.

## Barrington wins district title

Barrington's Bronchos won their third straight district prep title last night as they turned on the steam to beat Grayslake, 62-32 in the finals of the Barrington district tournament.

Steamrolling to a first quarter 17-4 lead, the Bronchos, North-west conference champions, continued their torrid pace and earned the right to advance to the Evanston regional next week. Collecting 7 baskets and two free throws, Steve Roake racked up 16 points to head the Broncho pointmakers, followed by Jim Frey with 12 points. Eddie Bauer led the Grayslake scoring with 13 tallies.

Next Wednesday night the Bronchos will face Niles of Skokie at Evanston.

## Kouzmanoff one of regional officials at Glenbard High

Tommy Kouzmanoff of Arlington Heights is one of the officials on the state high school basketball tournament at Glenbard.

This is the fourth straight year Tommy has been selected for a regional meet. The last two years, he has gone on to work the sectional tournament at Rockford.

At Glenbard, Tommy is teamed with Bob Young of Ingleside, who was one of the arbiters on the state finals at Champaign last year.

**OLDSMOBILE**

Harold Werhane new  
Culligan Co. president

Harold F. Werhane was elected president of the Culligan Zeolite Company, Northbrook, February 21. Emmett J. Culligan, former president, and the company's founder, was elected chairman of the board.

Mr. Werhane's career with the company began in 1937. He was appointed general manager in 1940, and was elected executive vice president in 1945.

The Culligan company is the parent manufacturing organization for almost a thousand franchised Culligan Soft Water Service dealers throughout the U. S. and Canada. The home office and factories are at Northbrook, and a zeolite production plant, the world's largest, is located in San Bernardino, Calif.

**A&P Food stores  
in operation 91  
years this week**

"To provide more and better foods to more people as cheaply as possible" is the 1950 goal of the nation's largest food chain, according to D. B. Austin, president of the middle western division of the Great Atlantic & Pacific Tea Company.

Speaking in observance of the company's Founder's Week and on the silver anniversary of the middle western division, Austin said that this policy was established by the founder of A&P, George Huntington Hartford, 91 years ago and that it had been responsible for the company's growth through the years.

"In the past few years," Mr. Austin said, "A&P and many others in the food industry have succeeded in cutting operation costs from 23½ per cent to 14½ per cent. This has meant tremendous savings to the consumer, has given her far more food for her money."

"This makes your local food merchant the most efficient dealer with whom you do business, particularly when you consider that that 14½ per cent pays for everything including rent, lights, employees' salaries, distribution costs and the many other expenses of doing business. It compares especially favorably when you consider that in other fields the cost of doing business runs to 38 per cent and higher."

The food chain executive explained that many of these economies have been effected through streamlined distribution methods which enable food products to reach the consumer fresher and faster than ever before in the history of the industry.

#### Water for Railroads

American railroads use annually approximately 567 billion gallons of water for all purposes, which would be sufficient to fill a channel 600 feet wide and nine feet deep reaching from New York to San Francisco.

He wrestles alligators by the hour

Tuffy Truesdell, former champion middle-weight wrestler from the south, has given up tumbling and grunting against human opponents and is now wrestling eight foot alligators in what he thinks is a more exciting sport. Tuffy will display his skill at twisting the tails of vicious gators at the Annual Chicago International Sports and Outdoor Show to be held at the Amphitheatre from March 3 through March 12.

"An alligator can't be trained to be sweet and nice," declared Tuffy, in a recent interview with Frank M. Hogan, director of the big Amphitheatre sports show. "It's instinct to kill or maim—and the slap of its tail is more powerful than the kick of four mules. It would take any ton wrestler a long time to cope with a gator. Some actual holds and fundamentals of the sport are used." Truesdell sometimes pins his dangerous adversary to the canvas with a quarter-Nelson on the neck.

The alligator Tuffy uses as an opponent at the sports and outdoor show weighs approximately 400 pounds and is a lively old reptile that hisses as he rushes out to do battle. He is fed only a couple times each week and is always hungry, making him a dangerous foe whenever called upon to perform.

The Amphitheatre sports and outdoor show this year will feature many exciting attractions representing every phase of the outdoor sports world and recreation. An appealing floor show will be staged twice daily that will capture the imagination of everyone present as it contains something of interest to all ages. Aquatic acts of splendor will be supported by brilliant perform-

ances representative of the outdoors and the fields of hunting and fishing.

In the future

Bread get stale too fast? A new plastic sponge placed in the breadbox will add life to the staff of life. Home seamstresses will take to a folding plastic yardstick. It collapses into a six-inch length, can be tucked away easily in sewing baskets or knitting bags. A pen-shaped oil can with an extra-long "needle" makes hard-to-get-at spots easy to lubricate.

Improving such a prosaic product as a baby's diaper should be child's play for an age capable of developing the automobile, the radio, and the atom bomb. It's only just been done, though: at long last they've come up with a pinless diaper. Putting the new model on Junior is a snap, because it's done with snaps. A new water-repellant paper product defies adhesives by stubbornly refusing to stick to any of them—even Scotch tape. It makes ideal material for shipping containers for sticky products like asphalt.

"Warm-up" capsules for your car will get its motor started in a jiffy, even when the thermometer sinks to 25 degrees below zero. Simply slip one into an "adaptor" attached to the dashboard and press a plunger.

**Storing Pies**  
Quick-frozen pies and other pastries keep better in frozen storage when a small amount of soybean flour is used in the pastry mix.

\$75,000 set aside as prizes for pro cage playoffs

There's a golden rainbow waiting for the top teams in the National Basketball Association in the post season play offs. \$75,000 has been put aside in the play-off pool and each player on the championship team can realize \$1,700 apiece.

Here is how the play offs will be broken down:  
Four teams from each division will be in the play offs. The first team in each section will play the fourth place team and the second place team will face the third place in each division. The winners will meet with the best of each division champion.

Next the team with the best percentage will be allowed a bye and the two other division leaders will meet. The winner from this series will meet the stand-by for the NBA championship. All series will be best-two-of-three with the exception of the championship which will be run off in the best four out of seven. Dates for all games will be determined by the league when the position of the teams is determined.

**SERIES A** is between the first and fourth place teams in each division. Winners will receive \$2,500, while each of the losers is to receive \$2,000.

**SERIES B** is between the second and third place teams in each division. Winners will receive \$2,500 while each of the losers is to receive \$2,000.

**SERIES C** is between the winners of Series A and B in each division. Winners are to receive \$2,500, while the losers receive \$2,000 each.

After the stand-by team is determined, Series D is between the two contenders in each division. Winner will receive \$4,000, while the loser receives \$3,000. The stand by team will receive \$3,000.

In the championship Series, the winner is to receive \$7,500 while the loser will get \$5,000.

**IN ADDITION** each team, finishing first in their respective division during the regular season will receive \$2,500. Second place teams will earn \$1,500.

Chicago's entry, the Stags, have a tough road to face in order to get a sizeable slice of the juicy play-off cake. They are currently in fourth place in the central division of the race, with a severe road schedule ahead. The Stags next home contest will be March 5 when they entertain the Anderson Packers. The Indianapolis Olympians will face the Sheboygan Redskins to complete the all league doubleheader.

Social security dough is non-taxable by U. S.

Are Social Security benefits taxable for income tax purposes? How do I get a refund for excess social security taxes deducted from my pay last year? These two questions are ringing in the ears of the employees of your local Social Security Administration field office at 901 Lake st. in Oak Park.

As the March 15th deadline for filing income tax returns draws near, many people in this community who receive monthly insurance benefits under the federal system of old age and survivors insurance are puzzled about whether to declare the amount of their benefits in their total income.

Paul E. Webb, District Manager of the Administration, said that social security benefits are specifically exempt by Internal Revenue ruling from federal income tax. Taxpayers, therefore, need not include the amount of these benefits in their total taxable income for the calendar year 1949.

Webb answered the second question by saying that workers who were paid wages by more than one employer in 1949, and had more than thirty dollars deducted from their wages for social security, can secure a refund of the excess deductions over thirty dollars.

He stated that his office has nothing to do with taxes and cannot accept applications for refunds. The necessary forms to use to apply for refunds should be secured from and returned to the Collector of Internal Revenue, Chicago, or any of the branch offices of Internal Revenue's Deputy Collectors.

Webb answered the second question by saying that workers who were paid wages by more than one employer in 1949, and had more than thirty dollars deducted from their wages for social security, can secure a refund of the excess deductions over thirty dollars.

He stated that his office has nothing to do with taxes and cannot accept applications for refunds. The necessary forms to use to apply for refunds should be secured from and returned to the Collector of Internal Revenue, Chicago, or any of the branch offices of Internal Revenue's Deputy Collectors.

Gems of thought

**BEAUTY**  
His modes declare the beauty of holiness, and His manifold wisdom shines through the visible world in glimpses of the eternal verities.

—Mary Baker Eddy  
Nothing in human life, least of all in religion, is ever right until it is beautiful.

—Harry Emerson Fosdick  
Every trait of beauty may be referred to some virtue as to in nobility, candor, generosity, modesty, or heroism.

—St. Pierre  
Goodness is a special kind of truth and beauty. It is truth and beauty in human behavior.

—H. A. Overstreet  
The most natural beauty in the world is honesty and moral truth. For all beauty is truth.

—Shaftebury  
In all ranks of life the human heart yearns for the beautiful and the beautiful things that God makes are his gifts to all alike.

—H. B. Stowe

Mrs. Margaret Wallor

Wilson School Community News

As this community grows, so does the Sunday school conducted in the Wilson school. Sunday morning, beginning at 9:15 a. m., under the direction of Superintendent Lester Rush. This is a branch of St. Peter Lutheran church in Arlington Heights and welcomes all the children in this area. The teachers are Bill Neumann, Carl Weinrich, June Rindbacher, Loraine Meyer, Lester Rush and Mrs. Ed Haemker and the secretary-treasurer is June Rindbacher. The enrollment now stands at 67 and is growing steadily.

The beginners, which includes the pre-school age, have just completed making Lord's Prayer books and the primary department, which includes first and second graders, is working on Lord's Prayer books and will have them finished soon. This endeavor on the part of St. Peter Lutheran church is a great asset to this community as it is the only religious organization in this area within walking distance for the many children who would otherwise be unable to attend Sunday school.

Community club

The Community club met at the school house last Monday evening and elected the following officers: president, R. C. Huebner; vice president, Jerry Ryan; secretary, Mrs. F. Thompson; treasurer, Vern Boyd; entertainment chairman, W. Burr; executive committee, Frank Moskal and Joe Steiger. The dues are \$1.00 per year and the present enrollment is 33. The club will sponsor a party to be held at the school Saturday evening, at 8:00 o'clock and the entire community is invited. Tickets are on sale \$5.00 at the door, or can be purchased from any member. The object of the club is for school and community betterment. The regular

HOBBIES Yours and Mine

by BETTY AINSLIE  
Up at 1007 N. Walnut in Arlington Heights lives the Holloway family, a group of five people who are truly hobby minded.

Mr. and Mrs. Wayne Holloway moved here from Fort Dodge, Iowa less than six months ago. There are three children, Peter, who is a dark eyed 12; Jane, a blond grown-up Miss of 10; and Debbie, a brown eyed and Dutch bobbed 5.

**MRS. HOLLOWAY**, who is known as Eleanor to her friends and neighbors, is a tiny, attractive and busy housewife who manages to find time for doing Girl Scout work besides having a few hobbies of her own.

Eleanor took the ceramics course last fall at the high school, and has always been interested in making things from clay. With the help and encouragement from this class, taught by Mrs. Vasumpair, Eleanor started making ash trays and boxes as Christmas gifts. She got so enthusiastic that Santa brought her an oven so that she could bake the clay things she makes.

"You know," said Eleanor "it's really fascinating to see what you can make with a piece of clay, and watch the pretty colors those dead looking glazes make after they're baked."

She made some clever heart-shaped ceramic boxes as Valentine presents this year. Eleanor declared that any housewife even needed a hobby to savor even things up with huge drum in ironing and washing jobs, and for a time she dabbled in making her own candles too.

"I know you put sassafras in to make them smell good," she said explaining about candle making. "I used regular candle molds, but some people make their own molds of tin cans

THE MAILMAN'S CORNER

On February 12, 1809, a man was born whose influence on American history, social and economic problems is still an effective issue to this day.

His beginning was obscure enough. Born in poverty and ignorance, raised among hardships and personal sacrifices which would have defeated most young men of today, he nevertheless grew to be perhaps the most ardently loved and viciously hated man in the history of our country during his lifetime.

The good done by Lincoln can and has been debated in various sections of the country. But as an example of one who's great personal courage, rigid self control and constant generosity and unselfishness enabled him to reach the highest office in our land; as an example also of the opportunity for personal development and success under a system of free enterprise; and as an example of the power that lies in an ideal to which one's lifetime is devoted, the life of Abraham Lincoln is unique.

Today, in most sections of our country, the opportunity for an education along traditional, in our own time.

Christine Weyrauch

Funeral services were held February 27 for Mrs. Christine Weyrauch, late of Lutheran Home and Service for the Aged, Arlington Heights, at the Home at 2 p. m. Rev. J. M. Kempf officiated. Interment Town of Maine cemetery, Park Ridge. Black's Memorial Home was in charge of arrangements.

Mrs. Weyrauch, nee Derksen, was born June 16, 1866, in Holland. In 1871 she came to the United States and made her home in Chicago. She became a citizen of this country in 1891.

April 2, 1884, she married Frank J. Weyrauch at St. Matthews Evangelical and Reformed church in Chicago. The couple made their home in Chicago and in 1898 moved to Park Ridge. In 1943 they entered the Lutheran Home and Service for the Aged.

Following a brief illness, Mrs. Weyrauch died suddenly at the Home February 25 at the age of 83.

Survivors include her husband, Frank; six children, Mrs. Anna Stoll of Phelps, Wis.; Mrs. Rose Kaiser of Edison Park; Henry of Chicago; Mrs. Martha Peterson of Oak Park; Mrs. Stella Hamerquist of Jamestown, N. Y., and Mrs. Bessie Sayer of Denver, Colo.

Moose names Arlington man for publicity

Herbert E. Mahomed, veteran public relations counsel, editor, and newspaper and radio reporter, has been appointed director of publicity for the Loyal Order of Moose, it was announced Monday, Feb. 27, by Malcolm R. Giles, director general of the fraternal order.

Mahomed will maintain offices at Moose supreme lodge headquarters at Mooseheart, Ill., "Child City" near Chicago maintained by the organization for children of deceased members.

The new director brings to his post wide experience in public relations, newspaper, editorial work, magazine editing, and radio. He was account executive for a national public relations firm; re-wrote man and reporter for the City News Bureau, Chicago; announcer, continuity writer, and program director for a Rockford, Ill., radio station; and contributor to several national magazines.

Mahomed, whose home is in Arlington Heights, is married and has three children, Marvin, 22, Karl, 5, and Carolyn, 10 months.

11,000 Homes For Just 75c

OBITUARIES

Henry Magers

Funeral services were held February 24 for Henry Magers of Itasca at St. John's Evangelical church, Addison township, at 2 p. m. Rev. E. Bergstraesser officiated. Interment St. John's cemetery.

Mr. Magers was born February 23, 1877, in Elk Grove township. He moved to Itasca 27 years ago, where he made his home until the time of his death. He died at the Arlington Heights Home and Service for the Aged February 21 at the age of 72.

Survivors include his brother, Herman of Bensenville; one sister-in-law, Mrs. Herman Magers; one brother-in-law, Mike Bender of Bloomington; two nephews, Roy and Raymond Bender of Bloomington, and 19 cousins.

Peter Duda

Funeral services were held February 25 for Peter Duda of Palatine, at St. Theresa Catholic church in Palatine. Father O'Brien officiated. Interment All Saints cemetery.

Mr. Duda was born October 15, 1865, in Germany. He died February 23 at the Sherman hospital in Elgin. He was a retired farmer.

Survivors include his wife, Stella; his children, Mrs. Josephine Kozy of Palatine (with whom he made his home), Mrs. Lucille Frederick of California and Mrs. Helen Vest of Montana, and seven grandchildren.

William Geddis Sr.

Funeral services were held Wednesday for William John Geddis Sr., of 29 Northwest highway, Palatine, at Fairbanks-Stirlen Funeral Home in Barrington at 2 p. m. Lounsbury Lodge 751 AF and AM of Barrington officiated. Interment Evergreen cemetery.

Mr. Geddis was born in Chicago November 28, 1885. He married Tillie Brommelkamp in Chicago December 19, 1908. The couple made their home in Chicago for a few years and then moved to Barrington.

Mr. Geddis resided in Palatine the past two years. He was a member of the Episcopal church. He died at the Sherman hospital in Elgin February 26 at the age of 64.

His wife preceded him in death October 19, 1947. A brother, David, died in 1942.

Survivors include his children, William J. Jr., of Des Plaines, Mrs. Helen Molitor of Des Plaines and Mrs. Fern Ahlgrim of Palatine; four grandchildren; five sisters and two brothers.

CARD OF THANKS

My heartfelt thanks to all who extended comforting sympathy and help during my recent bereavement. For the beautiful service, floral offerings, messages, and many other kindnesses, I am deeply grateful.

Mrs. A. A. Paltz (A6\*)

CARD OF THANKS

We are sincerely grateful to friends and neighbors for their expressions of sympathy during our recent bereavement.

Stella Duda (Pal\*)  
Josephine Kozy

Diet for Middle Aged

Middle-aged and elderly people should have at least a pint of milk in their daily diets for best nutrition and health and to fortify their bones against breakage.

REFINEMENT:

... intended to improve or perfect. — Webster

Funeral cost need never be an overwhelming burden. Costs vary with selection of appointments.

Complete cost may be held at a very moderate level without the smallest sacrifice of dignity or refinement.

BLACK'S MEMORIAL HOME

(Formerly Karstens Funeral Home)  
PHONE 168 ARLINGTON HEIGHTS, ILL.

WHAT SHALL I PAY?

Funeral costs should not be a burden to those who must assume the obligation of paying for the service. That is why the Lauterburg & Oehler Funeral Home recommends choosing a memorial in accordance with the standard of living of those served.

Our prices are arranged to meet every family's needs and have remained reasonable in spite of rising costs.

Lauterburg & Oehler

Sump Pumps Priced From \$35 SUBURBAN WELL DRILLING

Wm. Smeja  
Lake St. at Church Rd. Elmhurst  
Established In 1940

It's the bigger

Big car V-8 power... more "sitting room" than any other low-cost car... big-car strength of Ford's 13-way stronger "Lifeguard" Body.

It's the better

The quiet, "sound-conditioned" interior... the low, level comfort of Ford's "Mid Ship" Ride... Ford's 35% easier-acting King-Size Brakes. It's a quality car throughout.

It's the buy

So much for so little money! Ford's "hushed" V-8... the same type engine in America's costliest cars is yours for hundreds less than most "sixes."

'50 FORD

## List With Us NOW! We Have Waiting Prospects

We could use a lot of space telling you about the sales record we have made and how fast we have sold certain individual properties listed with us. But we don't think you are interested in individual cases unless it is your own! However we would like to present this one fact to your for your consideration. During the past several months we have been selling homes as fast as faster than we have been able to list them. And right today we have a long waiting list of prospective buyers. We can sell almost any desirable home immediately.

Find out for yourself before you list your property for sale.

## ONCE IN A WHILE \$15,000 BUYS A REAL HOME

If you've been disillusioned by the lack of everything but "cracker boxes" in the \$13 to \$16,000 price range, this new listing will be cheering news.

A BIG ONE-LEVEL 6 Room Home with a 20x14 Living Room with Fireplace, a 24x15 Beamed Ceiling Dining Room, Modern Kitchen, Master Bdrm. 13x16 with lovely Bay Window, plus 2 more (one is 11x15), a full high basement, screened porch, 60 ft. Lot. Located on charming old Mill St. with its remodeled homes dating back to the early days of this old city, this "home with atmosphere" will come much closer to fulfilling your demand for a REAL HOME. Only \$15,000. Will qualify for FHA-VA financing.

## WE EARNESTLY NEED HOMES TO SELL

It is not necessary for you to list your property with us exclusively. If you have a 2-3 or 4 bedroom home to sell, we have a list of sincere buyers waiting for us to call them. Jan. & Feb. business transfers to Chicago have brought us many buyers who MUST find homes. This annual shift of business personnel creates a market sometimes not to be seen again during the year.

Perhaps you would like to tell us and talk it over—there certainly will be no obligation on your part. If you are considering the sale of your property, and your price is within market range, we are certain we can be of service to you today.

## Richard A. F. Manke

Presenting the Younger Generation

**Outdoor boy**  
Wayne, 6 year old son of Mr. and Mrs. H. H. Thompson, 1010 N. Patton ave., Arlington Heights, loves to run and romp out of doors with his many boyfriends. This blond and blue-eyed young man is in first grade at North school. When school is over, television time commences and occupies his undivided attention. Hopalong Cassidy is No. 1 favorite of this young T.V. fan.

If you were to pop in the Thompson house some afternoon after school, you would probably find Wayne in the basement with his friends staging a Hopalong Cassidy show.

**Mocking bird**  
Also taking part in the basement fracas is Wayne's little brother, Ronald. Blond and brown eyed Ronny will be 2 in April, and was just 5 months old when this picture was snapped.

He's quite the fellow now and in the mimicking stage. "Ronny repeats anything anyone says," said his mother, "and he favors playing with the big boys."

The stork visited the Thompson family nine months ago and left a baby sister, Nancy Jane,

for the boys.

**Horses—horses**  
This handsome lad is Tommy Wells, son of Mr. and Mrs. J. H. Wells, 411 Mayfair, Arlington Heights. Tommy has blond hair and blue eyes and will be 5 in March.

Owning a horse is the most wonderful thing that could happen to this little boy. "Tommy thinks he is going to get a horse and asks his father every day if he brought it home," said Mrs. Wells. "The television shows probably gave him that idea," suggested his mother.

Horses, of course, imply cowboys—and Tommy ranks among the cowboy fans of his age. His mother told of how he shares his bed with his precious cowboy equipment received at Christmas time.

Tommy already has a little girlfriend, Caroline Stockwell, a next door neighbor. They talk about "getting married and playing horses someday."

**Youngest of four**  
Here is Phillip Wells, Tommy's 2 year old brother and youngest boy in the Wells' family.

Phillip has two other brothers: Jimmy, 6, who is in kindergarten at the South school and Larry, 8, who is in second grade at St. James school.

Like so many 2 year olds, Phillip has a favorite blanket and carries it all over the house. Santa left a "Teddy" for Phillip and it is a favorite of his.

Among students playing prominent roles in campus organizations at Illinois State Normal university is Miss Eileen Shumaker, daughter of Mr. and Mrs. Harvey Shumaker, 110 W. Fremont, Arlington Heights. Miss Shumaker is serving as treasurer of the freshman class.

At Iowa State

Lucia Stevens, daughter of Rev. and Mrs. Edwin I. Stevens, 401 N. Wille st., Mt. Prospect, will sing soprano with the Iowa State Singers when the Iowa State College choral group makes its annual tour March 19-March 22. The tour will include 11 cities in Iowa and Nebraska.

Northfield township  
assessment up

The 1949 real estate assessment in the country township of Northfield has gone up nearly three million dollars over 1948, County Assessor John S. Clark announced.

Northfield land and buildings have been valued at \$29,418,721 as compared with \$26,893,994 for 1948, Clark said.

"The increased assessment reflects Cook county's current prosperity," he stated. "Especially notable is the continued building of new homes. Also, there has been considerable industrial growth in the county."

"Northfield's greater assessment is due largely to residential construction," he said.

Tags come home

The Disabled American Veterans has returned a set of lost keys to E. L. Brown of Mt. Prospect. Attached to the keys was a DAV Identio-Tag, miniature license tag for key-rings, which is distributed to 30,000,000 motorists each year and the replica of their state license plates enables the DAV to return 5,000 keys a month from its national headquarters in Cincinnati.

PAGE SIXTEEN

New stewardess

Miss Carol J. Schaeffer, daughter of Mr. and Mrs. Carl Schaeffer, of R. R. 1, Box 311, Palatine, has completed her training and is now a stewardess for American Airlines flying the company's DC-6 and Convair Flagships out of Chicago.

Miss Schaeffer attended New Trier High School and Lawrence College, where her extra-curricular activities included swimming, tennis, and skating. She is a member of Pi Beta Phi and the Newman Club. Her hobbies include knitting and art.

Before receiving her silver wings she attended a four-week training course at American's training center in Chicago where she learned the fundamentals of the theory of flight, meteorology, flight operations, airline schedules and radio.

At Bob Jones

Lorraine Mildred Jackson, daughter of Mr. and Mrs. Charles Jackson of 907 N. Ridge ave., Arlington Heights, has been included among students named on the Bob Jones University dean's list, which was released at the close of the first semester at Greenville, S. C. These students made averages of "A" or "B" in all their courses for the first semester of the 1949-50 academic year.

Miss Jackson is a member of a student body of approximately 3,000 young people who have come from forty-six states and from more than a score of foreign countries to attend "the world's most unusual university." She is a senior at the university, enrolled in the School of Religion.

Reunion chairman  
at George Williams

Nicholas Lattot, 212 N. Had-dow ave., Arlington Heights, will act as reunion chairman for the class of 1928 at the George Williams College homecoming celebration to be held March 10 and 11 on the college campus, 5315 Drexel ave., Chicago. The college trains young men and women for professional leadership of youth agencies and community services.

Friday evening, March 10, Dr. Eugene Barnett, General Secretary of the International Committee of the YMCA, will deliver an address on "Making History." He is chief executive of YMCA work in the United States and of the Y's world service program abroad.

Saturday the college will sponsor a reunion luncheon. Dean Hedley S. Dimock of the faculty will speak on "Your College Today and Tomorrow." Tours of the building, informal sessions and a water ballet in the pool are planned.

A testimonial dinner will be given for Dr. Arthur H. Steinhaus Saturday at 6 p. m. when alumni, students and faculty join civic leaders in paying tribute to this physiologist who has completed 30 years on the college faculty. It will be followed by a homecoming revue and party. The festivities will conclude with a reception for Dr. Steinhaus.

GET READY TO ENJOY  
THE SUMMER SUN

• Make your home a cool, comfortable summer resort under the welcome shade of Canvas Awnings. Over windows, doorways, porches or terraces they assure protection and add colorful charm and beauty. We shall be glad to give you estimates without obligation.

Our Aim: To Fear God, Tell The Truth, and Make Money

## Cook county townships organized 100 years ago

John H. D. Blanke, Barrington, has called the attention of this department to the fact that all Cook County townships are one hundred years old this year. We are publishing, starting this week, an account of the early settlement of the townships of this area taken from the History of Cook County published in 1884.

In order that readers can identify the location of the homes of the early settlers, a sectional map is included.

This town lies in the north-west part of Cook County. It contains thirty-six sections, and is bounded on the north by Lake County, on the east by Wheeling, the west by Barrington. Salt Creek has its origin on the south by Elk Grove and Schaumburg, and on Section 20 of this town and flows easterly to the village of Palatine, then southeasterly into Elk Grove.

The surface is somewhat elevated and gently undulating prairie, and the soil is a rich prairie loam. Originally there were a number of groves within its limits, one of them at least, it is believed, having been named previous to the advent of the white man. This was Deer Grove, situated on Sections 3, 4, 5 and 6. Frye's Grove is on Sections 19 and 20; Englishman's Grove on Sections 16, 17, 20 and 21; Highland Grove on Section 19, and Plum Grove on Sections 34 and 35.

In Plum Grove there was an Indian burying ground, to which the Indians paid annual visits until about the year 1845. There is more timber now both as to area and size than when the town began to be settled. This so far as can be ascertained, was in 1836. In this year George Ela settled on Section 4, Orrin Ford on Section 27, A. H. McClure on Section 5, Asa Dunton on Section 9, Asahel Harris on Section 3, Russel Andrus on Section 4. In 1837 Amos Bailey settled on Section 26, Ezekiel Cady\* on Section 6, Palmer Webster on Section 9, and Harris Webster on Section 10; in 1838 Samuel Smith settled on Section 34, B. B. Lincoln on Section 35, M. W. Sawyer\* also on Section 35, Loren Edgerton on Section 6, and Mason Sutherland\* on Section 11; in 1839 Lyman Staples\* settled on Section 10, and John Slade and Joseph, his son, settled on Section 22; in 1840 Thomas F. Wilson settled on Section 9, and Elisha Pratt on Section 10; in 1841 Edward Castle settled on Section 6; in 1842 Thomas S. Clark, who came into the township in 1840, settled on Section 29 and Luman Clark settled on the same section.

In 1843, Elias E. D. Wood settled on Section 29; in 1844 Thomas Bradwell settled on Section 17, and Daniel Johnson and M. S. Johnson on Section 32; Joel Wood and D. B. Wood came in 1847 and settled on Section 23. In May, 1847, D. B. Wood took up forty acres of Government land in the southeast quarter of Section 15 which with perhaps one exception was the last tract of Government land taken up. Mr. Wood, believing another man intended to secure this forty acres and knowing that the one would secure it who first reached the land office, rode on horseback all the way to Chicago in the night, through water most of the way. The last piece of Government land taken up was a portion of Benjamin M. Porter's farm. Mr. Porter supposed, as did almost every one else of the settlers, that this forty acres had been taken from the Government and was as much his own as was the balance of the farm; but in 1855 Joseph Barnes, of Elk Grove discovered that it was still Government land, so made entry of it at the regular price of \$1.25 per acre and sold it to Mr. Porter at what it was then worth in the market.

The town of Palatine was organized, as were the other towns in Cook County, April 2, 1850. Some time previously the name had been chosen at a meeting held for that purpose, at which two names, Palatine and Yank-

### Historical articles to be continued

Paddock Publications have received word from so many sources that the Way-Back-When articles are being preserved by many readers for their historical value that the department will be continued in the form that was followed through 1949.

In checking stories we find that usually the only direct sources of early history are from the grandchildren of the original settlers. Many of that generation are getting along in years and unless available information is catalogued, much historical data will be lost.

Paddock Publications can not do the job alone and must depend on the assistance of those who have in their family archives information about the early days that should be preserved.

For the coming two months, this department will cover the eight adjoining townships. The first is Palatine.

ton, were proposed—the former being chosen by a majority of one or two out of a total of about forty votes. At the meeting held at the house of John Slade\*, for the purpose of organizing the town, John Slade was made chairman, D. B. Wood, secretary, and Elias E. D. Wood, moderator. The following offi-

cers were elected: Supervisor, Thomas S. Clark; Clerk, D. B. Wood; Assessor, Harris Webster; Collector, Milton Foskett; Overseer of the Poor, John Slade; Commissioners of Highways, Daniel Stanard, Ezekiel Cady\* and Luman Clark; Constables, Milton Foskett\* and Fleming Gaines; Justices of the Peace, Thomas Bradwell and J. N. House. The oath of office was administered by B. B. Lincoln, Esq. The Commissioners of Highways divided up the town into nine road districts, each two miles square. Twenty-five dollars was raised to defray incidental expenses.

The public schools of this township are not very well attended. This is owing to the large proportion of Germans among the people, the proportion being estimated as high as three-fourths of the whole number. The Germans are mostly Lutherans, and under the influence of their ministers send their children to private Lutheran schools until they arrive at the age of fourteen, when they are confirmed, and afterward permitted to attend the public schools if they desire to do so and can be spared. But as few children of any nationality attend the district schools after attaining the age of fourteen, the attendance upon them is not materially effected by the liberty, above mentioned, accorded to the Germans.

### Descendants of early settler still reside in Palatine

Palatine township was originally settled by Yankees. Many of the families moved on when they thought the area was becoming over-populated, but descendants of some of them still reside within the township where their forebears came 120 years ago. The following is not an authentic list and the name of the descendant given is only the eldest representative. No attempt is made to carry the family tree down through the younger generations. The year shown is the date the family located in Palatine township.

Corrections or additions will be welcomed.

Ezekiel Cady (1837)—Miss Addie Pinney, granddaughter; Zella Bennett, great granddaughter; Mason Sutherland (1838)—Annie Brockway, granddaughter.

Rev. Thomas Wilson (1838)—Lyman Staples (1839)—Paul Wulson, great grandson of both.

John Slade—Clarence and Wesley Comfort, great grandsons.

Andrew Wilson (1840)—Dollie Wilson, granddaughter.

Israel Smith (1840)—Bert L. Smith, grandson.

James E. Morris (1845)—Mrs. Keith Chidley, granddaughter.

### UNUSUAL PLANT

For seven years Walter and George Sneible of Palatine have been nursing along the bulb of the sacred lily of India.

It takes this plant seven years to get to the blooming stage and for those seven years the boys have planted the bulb out in the open garden in the spring and taken it into the basement in the fall.

This was the magic seventh year for the sacred lily and not long ago the bulb showed signs of wanting to send up a shoot.

The boys put it in a box and brought it up into the living room where the shoot soon grew into a 68 inch stalk and about half way up stalk a beautiful big dark red lily, 10 inches in diameter, made its appearance.

The stalk and the flowers are both dark and speckled with dark spots.

It's an unusual plant and it took seven years of patience on the part of the boys to bring it into bloom, but they now feel well repaid for all their work with the big plant in bloom.

When set out in the open garden during the summer the plant sends up a shoot that sends out umbrella like branches of leaves at the top.

When blooming, there is first the one stalk then the big blooms at the top with part of the bloom shooting out that looks like the continuation of the main stalk.

The boys have some other smaller bulbs on the way and expect to continue to propagate the unusual sacred lily of India plants.

### FROSTPROOF

There is a town down in Florida named Frostproof, so named it is said because frost never visited the locality.

Frostproof is located down in the rich trucking section of South Central Florida, but during the cold snap, a couple of weeks ago, Frostproof was at last visited by frost, two days of it in fact, which was very unusual for that area.

celebration. Jack arrived with a friend on Sunday to help at the birthday cake. Rob says nothing pleases him more than having the entire "bunch" under the home roof at the same time.

The sun is out again today, and the same snow, but it's different here at the farm. The toboggan rests up against the south side of the barn to dry, the horses aren't outside in the paddock to be petted, and there aren't shouts of children's laughter coming up from the playroom and the basketball court in the barn loft. (It's too darn quiet here.)

Jack left a book for our perusal when he went back to the campus. It is one of the textbooks he used in a psychology course. It's title is: "The Solicitation Pattern for Persuading Normals," by a Northwestern professor, B. Franklin Bills. (I've been doing a little peeking inside that, too.)

Under the various classifications of people, the author defines those termed "Sophisticates," as: "Sophisticates are persons who are too smart to be wise, and too superficial to be profound." They presume to have been everywhere, to have seen everything. They assume to know all the questions. They arrogate unto themselves all the correct answers. One writer believes that this manner of thinking comes quite early in life, declaring:

"When I was one, I saw the sun. When I was two, The moon peeped through. When I was three, Stars winked at me. Now I am four, There's nothing more."

Professor Bills goes on to say: "Another classification of people who unquestionably are Abnormals, and yet do not come within in any of the preceding groups, are the Negatives. They are stubborn persons who know that whatever you present is not so. Their 'know' is 'no'."

I think there is no other personality as obnoxious as the negative thinking individual. Fortunately, I am not earning my bread and butter as a door-to-door salesman, and can avoid this type of person after a first encounter.

Until next week. With love, Mary.

## TALES of the STREET

—T. C. HART

### FREEDOM FORUM

Don't forget the "freedom forum" at the consolidated school Monday night under the sponsorship of the Palatine Community club.

Hear the discussion on "This is Our Problem" by an outstanding speaker.

Make up your mind about the important problem and decide which way you want to see America go, into the slavery of Centralized government or along the free American way that has made America the greatest country on earth.

Secure a ticket for this fine meeting from a representative of the Community club.

### WINTER

Just when folks thought that spring was just around the corner, along comes the most severe winter in three times, but they came through and we had the earliest peas we ever had on Decoration day that year.

Another year, also a long time ago, we remember shooting our first duck of the season (spring shooting was then lawful) on March 6 and the place where we shot it was a slough just about in the middle of where Palatine park now stands.

Those were early springs and we got blasts of tough weather later in March but they didn't last long.

Most anything can happen in March, but anyway March is here and March 21 will be the first official day of spring.

### COAL

With the winter getting rougher, the coal shortage becomes more and more acute.

The emergency that everyone on earth, except the President, saw coming, really got here in spite of Mr. Truman's repeated assertions that there was no emergency.

Coal consigned to dealers for home use is being consigned by the railroads. One dealer said the other day, "If we have a car on the way we can't sleep nights for worrying about it and wondering if the railroads are going to grab it for their own use."

By stalling around in the early part of the winter it looks as if both Truman and Lewis had lost complete control of the situation.

The Union won't obey an injunction or go back to work on Lewis' orders.

Will they work even if the government takes over the mines?

Meanwhile it's the public that suffers. Industries idle, men laid off, transportation cut, lighting and power reduced.

The men want a contract. Maybe it would be cheaper to everyone, if the operators would give them what they want and get things back to normal.

After all, it's the public that pays the freight and the public would rather work and keep warm than be in this state of unrest and uncertainty.

It looks like maybe the operators are just as bull-headed as the Union. What the public wants is coal and in the final analysis it's always the public that pays anyhow.

Three bull-headed outfits seem to be responsible for our troubles this winter—a president who wouldn't invoke the law when it might have meant something, a labor czar and a stubborn union, and an equally stubborn group of coal operators.

Just how much in actual loss to business, labor and public convenience has all this stubbornness cost the American people this winter?

### SCHOOL ELECTIONS

School elections are due to come up next month and this fact recalls a set-up in local school affairs which has been in effect since the organization of the Palatine township high school district many years ago.

This set-up was also adopted by the Consolidated school district upon its organization and is as follows:

One-half of the boards or three members are elected from the village and three from the rural areas.

The president may come from either the village or the country. This balance of power agreement, while there is nothing official or legal about it, has been a sort of gentlemen's agreement that has always been respected and which has worked out fine in the case of both school boards.

The village never tries to get more members on the board than the rural areas and they, in turn, are content to keep their representation within the bounds of the gentlemen's agreement.

It has always been felt by the school boards that this was a highly satisfactory agreement and the voters have always held to the agreement by casting their votes so as to maintain this balance of power.

## THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc.

### NATIONAL GUARD

The co-operation already accorded the Illinois Air National Guard by your publications has been truly gratifying and I would like to express my personal thanks to every newspaper editor.

As you know, the Illinois Air National Guard constitutes a vital part of the protection of Chicago in the event of enemy attack from the air. Its peacetime mission is two-fold: One, to train and adequately prepare for this defense should aggression ever come; two, to serve our State and communities in the event of disaster.

To meet strength requirements, ceilings on Air National Guard strength were lifted recently by the National Guard Bureau in Washington, to permit all units to reach authorized strength, and the 66th Fighter Wing at O'Hare Airport is undertaking an intensive Spring recruiting campaign to raise its strength an additional six hundred men. Your help is again needed to support this effort and contribute directly to Chicago security.

Adequately informing the public about the Illinois Air National Guard and the important part assigned to it in national defense is one of our most pressing problems and one in which your co-operation is most deeply appreciated.

Frank Allen  
Brig General III. NG  
Commanding

### RED CROSS

Arrangements for the 1950 Red Cross Fund Campaign are now under way. This year the goal for the Chicago Chapter in its March campaign will be \$2,700,000, which will go to finance the year-round activities of the Red Cross locally, and will also serve to finance the emergency disaster fund which is used to bring relief and help to disaster victims wherever they are in the United States.

Chicago's Red Cross Chapter is the largest in the world. It serves five million people and covers twelve hundred square miles. In order to secure the funds necessary to maintain these vital Red Cross services during the year, the 1950 Red Cross Fund appeal must be carried to a huge Chicago area audience utilizing every conceivable means of communication.

We solicit your help.  
Ronald Goodman  
Public Relations Dir.

### Weekly recipes

A solution to Lenten menu planning is a simple dish—easy to prepare. Here's one—Casserole Eggs. A tasty tossed salad makes a good companion.

**Casserole Eggs**  
9-10 hard cooked eggs  
1 cup celery, diced  
1 cup medium white sauce  
Method: Cut up hard cooked eggs and combine with celery. Add white sauce. Butter a casserole generously and put in mixture — top with crumbled, buttered saltines. Bake in preheated oven at 325 degrees for 25 minutes.

### It Happened Here

Miss Belle F. Owen, author of "It Happened Here," for years a regular feature in Paddock Publications, died last week, Thursday, in Bethany hospital, Chicago, after a long illness.

At one time Miss Owen resided in Arlington Heights at the home of Mrs. V. I. Brown. For the past 12 years she made her home with her niece, Mrs. Edward R. Bixby, 1236 E. 69th st., Chicago.

Besides being a regular contributor to this paper, Miss Owen was a veteran contributor to "A Line O'Type Or Two," featured in a Chicago metropolitan paper. She was the author of four books, and used the pen name S'Amuser.

She was 83 years old and is survived by a brother, James W., of Joliet. Services were held Saturday.

**Pecan Nut Meats**  
If pecan nut meats are stored in a hot moist place they may develop a rancid or "stale" taste, mold, or become infested with insects.

### HOSPITAL CONSTRUCTION

Commander Gieseke discusses the Hoover Commission Plan to transfer veteran hospital construction to the Department of the Interior in this fourth article of his series in which he presents the views of the American Legion.

The present government hospitals for veterans are the finest in the world because they were built under the direction of the Veterans Administration, a specialist in veteran affairs. Proper hospital construction requires a close working relationship between those who construct and those who design to meet medical requirements as well as with those who will be responsible for maintenance and the building of additions and betterments. This relationship now exists in the Veterans Administration.

The Hoover Commission now proposes to transfer the hospital construction function to the Department of the Interior. This is a department created in the frontier period to open up and to promote new Western territory. It has to do with reclamation projects, irrigation, boring tunnels through mountains, building dams, maintaining national parks and such other varied jobs. The effect of the Hoover Plan would be that the Department of the Interior, utterly unfamiliar with medical needs, would build all future hospitals for the VA.

But its interest in a hospital would cease once a new building was completed. The VA would then be required to maintain an engineering and architectural staff to plan and supervise the betterment and repair of the hospitals. The Department of the Interior would maintain a similar staff to perform similar functions in the building of new hospitals. All this duplication would be done in the name of economy and efficiency.

Although the Hoover Commission proposes to turn over the VA hospital construction to the Department of the Interior, the Commission in another report it self scored that department for its apparent inability to properly estimate the cost of proposed construction.

On Page 6 of its Report on the Department of the Interior, it charged that the Department was guilty of inadequate evaluation and underestimation on such vast jobs as the Colorado-Big Thompson Project in which its estimate was \$44,000,000 and actual cost was \$131,800,000. It estimated \$6,300,000 as the cost of the Hungry Horse Project in Montana which actually cost the taxpayers \$93,500,000.

The Hoover Task Force which made a study of the Department of the Interior, was even more critical. Here is a startling quotation by this Task Force: "Some of the current arrangements between engineering agencies and services, including especially the Bureau of Reclamation and the Army Engineers, smack of collusion rather than co-operation and of neat devices to avoid competition in getting into the Congressional pork barrel."

The Hoover Commission also failed to tell the whole story when it commented on the medical activities of the veterans Administration and inferred that VA hospitals now cost from \$20,000 to \$51,000 per bed as compared with an estimated cost of \$16,000 per bed in private hospitals.

The Hoover Commission did not see fit to explain that included in the VA hospital bed cost is also the cost of quarters for nurses and attendants, of a chapel, of a recreation hall, of large administration offices and of complete therapy facilities of all kinds. Very few, if any, private hospitals have these things. If you deduct the cost of those extras, then the VA hospital per bed cost is not out of line with the cost of a bed in a private hospital.

### LIBRARY NEEDS

With a bond issue for a new library on the agenda for March, many persons are asking, "Do we need a new library? Are the present quarters really inadequate?" The answer to both questions is yes. And here are some of the reasons why the current library set-up has outlived its usefulness.

With a collection of 15,000 books, space affords room for about 10,000. Many old books and some valuable as dated documentary volumes, are being discarded or given to outside agencies in order to make room for new books.

MAGAZINES, many which might have been of value as bound collections have likewise been disposed of because the cramped library area offers no room for additional periodical shelves.

Storage space is non-existent. The children's reading space is crowded into a 12'x30' floor area. Instead it should be segregated from the main reading room.

The librarian's working quarters are squeezed into a poorly ventilated corner of the one-room library.

The stacks are over-crowded and poorly lighted.

THE HIGH STAIRWAY leading to the library offers a poor entry, particularly for elderly persons who have expressed a desire to "spend a few quiet hours enjoying our books and magazines."

Besides being a constructive phase of the Educational program of Arlington Heights, what more fitting tribute could be paid to the boys whose names will appear on the two plaques to be placed just inside the entrance to the new building? One plaque will bear the names of the boys who served in World War I, the other plaque, those of World War II.

This memorial will be no impersonal stone tablet at which we pay homage one day of the year. It will be a living utilitarian memorial—daily opening doors of knowledge to the young—widening horizons for the old.

MRS. ADOLF WIEGAND  
Arlington Heights.

### LIKES PAPER

I am glad to be able to count myself as a subscriber to the Palatine Enterprise. Today I received the third weekly issue of my year's subscription. I must say you are giving me plenty to read for only six cents a week.

The value of your issue increased when I read the story about the \$75,000 fire at Mount Prospect. I happened to be on the Chicago and Northwestern train last Tuesday evening when the fire alarm sounded as the engineer was pulling out of the Mount Prospect depot for Barrington.

I enjoyed reading today the articles about Barrington—the United Nation's Folk Festival, the story about Hargrave trimming trees in Arlington Heights, and, strange to say, the articles about the Barrington basketball players and fans.

John Blanke  
Barrington

## JUST AROUND THE CORNER

Dear Jane:

"A child, more than all other gifts that earth can offer to declining man, brings hope with it, and forward-looking thoughts."—Wordsworth.

A look at George and Edward's room this morning told me one thing—that I couldn't put off cleaning that sanctuary any other day. It was a shambles!

The first place I tackled was their desk. It was piled high with various and sundry possessions. I cleared it, and then decided to look inside the drawers. The assortment was amazing! Have you ever taken note of the "things" young boys consider choice and keep indefinitely? Sometimes shocking, isn't it?

Here is what I discovered in Number three son's desk drawer: Several Royal Crown bottle caps, a set of signal cards, one sea shell, used tickets for the 1949 Northwestern Wisconsin football game, marbles, screw bolts, Boy Scout knife scabbard, paper Valentine, toy handcuffs, Boy Scout belt buckle, pencils, T-square, green tin frog, prayer book, a year-old dentist appointment card, list of family birthdays and anniversaries, Den Chief's badge, wrist watch band—very tattered, playing cards from several sets—all mixed together, metal disk which reads, "Uncle Sam's Dime Bank," Indian beads, one Ensign shoulder board, a penny, a small figure of a boxer in blue painted tin, a wooden puzzle, a Schmoor club

button, literally hundreds of minute parts of paper and tin-foil, and one half of a very dry peanut butter sandwich and a dried apple core.

I've decided to leave Number four son's desk drawer for another day. You can't blame me. What a weekend this has been! Sunshine and lots of beautiful white, white snow. Just perfect for tobogganing—and that's what everyone did. That is, everyone but Gramps and Grams, who were delighted to remain indoors and look after their two month old granddaughter.

Sunday was the eldest son's 24th birthday anniversary. He brought Patty and Mary Megan, and an old school friend, Kenny, to the farm for the weekend

"Spring Fashion News — The Outside-Inside Story" will be the theme of a dramatic fashion show to be presented March 15 at the Oak Park Arms, Oak Park, by the Singer Sewing Machine Company and McCall Pattern Corporation. The cast for the show, headed by Miss Jamie Sue Helms, stylist for McCall and Miss Marian Ross, stylist for Singer, will include a group of top-flight New York fashion models who will show designs

for the Homemaker, Career Girl, the Co-ed and the Junior Miss. This show is open to all fashion-conscious women. Complimentary tickets may be obtained at Singer Sewing Center, 25 S. Prospect ave., Park Ridge.

#### Percentage of Doctors

The ratio of doctors and population has changed greatly. In 1850, there was one doctor for every 572 persons. Today, there is only one doctor for every 764 persons.

#### That's a Lot of Food!

This happy housewife has reason to smile about her marketing. She has just bought a new 8 cubic foot gas refrigerator and the loaded table shows how she is affecting marketing economies by buying capacity loads. Each of the items she has purchased is displayed on the shelf upon which it will rest in the refrigerator.

#### Bits o' business

Increasing interest in artificial rain-making—prompted by continued water scarcities in many areas—brings up some new property rights questions: Who owns the clouds, for example? Which farmer has "cloud priority"—the one owning land beneath a moisture-laden cloud or his neighbor who's waiting for it to float over his acreage? . . . No-down-payment and other easy credit terms are luring more and more Americans into debt. Outstanding consumer credit climbed 11 per cent in the last four months, and it's still going up. . . . "Top ten" advances in the grocery field since the turn of the century, according to a survey taken at a recent annual meeting of the National Association of Food Brokers, included: frozen, pre-packed, and dehydrated foods; ready mixes and freshness-control methods; laundry innovations such as bluing that's ready-to-use and synthetic Perma Starch that's good for 8 to 15 washings, and doubles the wear of fabrics; vitamin-enriched flours; better shortenings; high-speed transportation; and improved containers. . . . Page Lewis Carroll—he'd make an ideal administrator for a system that pays farmers to grow crops which have no market, say some observers. The latest sample of this Alice in Wonderland system resulted in the destruction of some 40,000,000 potatoes which Uncle Sam paid farmers to produce. That's enough spuds to supply the whole country for a month. . . . From 1943 through 1948 there have been more than 3,250 soft coal strikes. This includes national, regional, and local walkouts.

#### Infectious Diseases

Unfavorable environmental conditions alone do not start outbreaks of infectious diseases, but they do make livestock easier targets for infection-producing germs that are lurking nearby.

#### State police ordered to arrest truck drivers without safety stickers

Illinois state police were alerted Saturday to arrest all truck drivers not carrying a safety sticker beginning March 1st. The state police action is part of a plan to enforce the provisions of the truck safety act. Want A Car? See The Want Ads.

## Lessons In . . . English

by W. L. GORDON

#### Words Often Misused

Do not say, "It's an actual fact." "It's a fact" is all that is necessary, inasmuch as all facts are actual.

Do not say, "This is all the farther I can go." Say, "This is as far as I can go."

Do not say, "There isn't but one book on the shelf." Say, "There is but one book," or "There is only one book."

Do not say, "The man with his three brothers were there." Say, "was there." Man is the singular subject.

Do not say, "We cannot express an opinion as to the utility of the invention." Say, "about the utility of the invention."

Do not say, "It was of no use to argue." Omit of.

#### Words Often Mispronounced

Italian. Pronounce first i as in it, not as in ice, and accent second syllable.

Foregoing. Accent second syllable, not the first.

Chicanery (trickery). Pronounce shi-kan-er-i, both i's as in it, as in cane, accent second syllable.

Leisure. The preferred pro-

nunciation of the first syllable is as lee.

Aviator. Pronounce both a's as in ate, not the first a as in have.

Zodiacal. Pronounce the i as in die, with accent on second syllable, not the first.

#### Words Often Misspelled

Lesser (smaller, or; lesser (one who leases), or; Achievements; observe the i-ve. Innocuous (harmless), two n's; inoculate (to communicate a disease to), one n. Description, des; discretion, dis. Apostle (an evangelist); apostil (a marginal note), Compliment (praise); complement (that which completes).

#### Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Circumspection; cautious and careful observation with a view to wise conduct; prudence. "The truest courage is always mixed with circumspection."—Jones of Nayland.

Modulate; to vary in tone, inflection, pitch, or other quality of sound. "Many speakers do not know how to modulate their

voices."

Subversion; act of overthrowing or state of being overthrown, or ruined utterly. "Laws have been often abused to the . . . subversion of that order they were intended to preserve." —Rogers.

Refutation; disproof. "The incident seemed a refutation of the charge that she was calculating." —Churchill.

Stolid; dull, impassive, not easily excited. (Pronounce the o as in doll). "His stolid face bore no sign of repentance."

Credulity; belief or readiness of belief, especially on slight evidence. (Pronounce the u as in use). "Credulity subjects one to impositions."

#### Pekin lawyer

Dale E. Sutton, Pekin, Ill. lawyer, will assume his new duties March 1 as a member of Illinois Commerce Commission. His appointment was made Feb. 18 by Gov. Stevenson. He succeeds E. A. Rosenstone of Cambridge. Sutton, a Democrat, is a graduate of Palatine township high school, the University of Illinois and John Marshall Law School. He has practiced law in Pekin since '41.

## Pick judges for high school art contest

The jury which will judge the entries in the regional Scholastic Art Awards Exhibition sponsored by Wieboldt's Evanston store, was announced Friday. The judges will be: Copeland C. Bang and Francis Chapin, prominent Chicago artists, and Marilyn Robb, a staff member of the magazine Art News.

The contest is open to art students of junior and senior high schools of McHenry and Lake counties, and the northern half of Cook County, outside of Chicago.

The contest is divided into 25 classifications, embracing virtually all fields of art, including water colors, crayons, oils, pen and ink, cartooning, charcoal, general and costume design, sculpture, ceramics, commercial art, handcraft, fabric decoration and photography.

From March 11 to March 25 the 100 regional winners and the entries awarded certificates of merit will be on exhibition in Wieboldt's new Evanston store.

Do you own a television set?

We have reports of families on relief that do—that have bought the television sets since they've been on relief and used their relief checks to do it.

Then there's the case reported to us of the woman receiving old age assistance who shouldn't be, but isn't worried because her son married the case worker.

There's a family of five up in Chicago where the father is in his early 40's but doesn't work—hasn't for over two years. He says, "The relief won't let me work." Although receiving a regular check of around \$150 a month under public assistance (it's not called pauper relief anymore), he neglected to pay the rent and the family was evicted—so they moved into a hotel at \$17.50 a week—and got their relief allotment increased by the amount of half the rent.

Of course nobody knows how much of the taxpayers' money is being wasted on the relief racket—including aid to dependent children abuses and old age pension thievery under that general term. The federal government requires, and the laws of Illinois provide, that there shall be no disclosure of the names of those receiving relief in the form of old age assistance, aid to dependent children or blind assistance. This secrecy protects not only those really in need but also the thieves who are picking the pockets of the taxpayers. The above cases, and others on which we have received information, have been turned over to the Illinois Public Aid Commission for investigation.

The brightest spot in the whole picture is the fact that the I.P.A.C. commissioners are striving mightily to clean up this whole mess. The relief chiselers are not only defrauding the taxpayers who pay the bills but are also hurting those who really need help and can't get as much help as they need. Purgings the rolls of the racketeers is a service to the taxpayers and to those who really need help. Supply us with the facts, we'll follow through from there.

### Lightning's Toll

### Grace McKinney's Rolling Book Stall comes to town

The Rolling Book Stall is the best substitute for a book store that I have seen in a long time. In some ways it is even better, for what rental shop will deliver a selection to your door? Its proprietor is Grace McKinney, an attractive Highland Park brunette, who dreamed up the idea herself.

Before this venture, she was in a bookshop in Winnetka. She liked her work with books, but was dissatisfied with being indoors. Now she has combined her pre-occupation with books with her yen for the outdoor life.

She has introduced to Palatine a modern version of Parnassus on Wheels. Instead of a leisurely wagon, she has a speedy little gray coupe with the books shelved behind. In her trim little ski suit she comes weekly to Palatine doors with a good collection of rental books.

She specializes in those with popular appeal, taking her titles from bestseller lists and adding those which a number of her readers request. In addition to the rental service, she takes orders for books her customers want to buy and carries a line of miscellaneous gifts and greeting cards.

Miss McKinney has provided a unique service to the community. Until she took over, it was indeed difficult to find a wide selection of current titles to read without buying them all. One day a week is all she now allows to the Palatine area, but if she gets sufficient customers, she would like to spend more time here.

If anyone in the surrounding vicinity wants this convenient service, they can contact Miss McKinney at Highland Park 2-6878.

## Postpone hearing on new state-wide fire code

Chicago area cities and towns were handed another month to consider the state's new fire code by the state fire marshal last Saturday.

Marshal Pat Kelly postponed a public hearing on the code until March 28. The hearing was originally scheduled for February 28.

The hearing will be on a proposed code that would set fire protection requirements for the entire state. Kelly wants to know how the new code would effect the cities' and towns' present fire ordinances.

## Deadline April 1 for ACP farm payment setup

All farm owners and operators are eligible to sign up for assistance under the Agricultural Conservation Program and can earn payments under such program without regard to whether or not they stay within their corn or wheat allotments. This statement was issued today by Mr. Carl Bornet, chairman of the Cook County PMA committee.

There is some impression among farmers that they cannot sign up for and earn payment for carrying out soil conservation practices under the ACP program unless they stay within their allotments, explained Mr. Bornet. This is an erroneous impression, he said, because all programs for 1950 are operated independently of each other.

The ACP sign-up campaign is now in full swing. It is the intent of the county committee to give each and every producer an opportunity to sign a request for approval of conservation practices. Community meetings will be held in some of the townships throughout the county, or the worksheets may be filled out at the AAA office at your earliest convenience. The deadline for the 1950 ACP program is April 1.

## You need good eggs to produce sturdy chicks

If you will take good care of your chicken breeding stock, the eggs they produce may mean extra dollars in your pocket.

It is important that you produce hatching eggs that are fertile and that will hatch, but the eggs also need to produce healthy, sturdy chicks. Sam Riden, extension poultryman at the Illinois College of Agriculture, says that you can do much to govern these qualities.

Ability to hatch, rate of feathering and productivity are due mostly to heredity. So it is important that you know that the stock you start with is high quality. Select mature, healthy, vigorous breeders that have good breed type and that are free from disease.

**TO INSURE** high rate of egg fertility, don't use too many males in a mating. They may only fight and not mate. Riden says. A good ratio is one Leghorn male to 18 or 20 females, or one heavy breed male to 12 or 15 females.

It's wise not to use eggs for hatching until 10 days after mating. Then use them no longer than seven days after the males are removed. That will give you the highest percentage of fertile eggs.

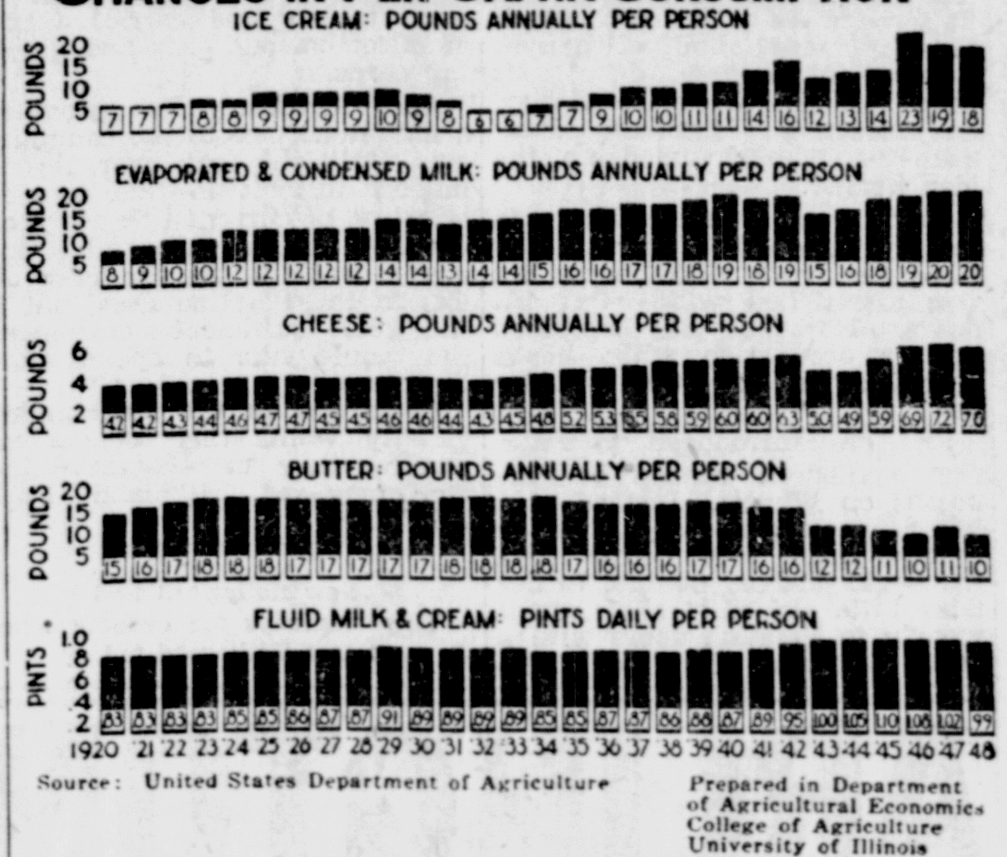

Good breeding and management are most effective when used with a good feeding program to produce good hatching eggs. Breeding hens generally need more vitamins A, D, and B12, riboflavin, pantothenic acid and manganese than do nonbreed-

## News for the Farmer

C. A. Hughes

Adviser and Editor

### CHANGES IN PER CAPITA CONSUMPTION

#### Ice Cream consumption doubles

People are now eating about twice as much ice cream per person as they did before the war. This resulted from high consumer income, better quality and improved merchandising of this product through grocery stores.

#### People are using more milk and cheese

For every six quarts of milk used from 1935-39 the American people are now consuming seven quarts and are eating a pound and a half more cheese per person than they did in prewar years.

#### Evaporated and condensed milk up—butter down

In 1948, the average consumption of evaporated and condensed milk was 20 pounds per person compared with 16.8 pounds before the war. Butter consumption was 38 percent less than from 1935-39. This resulted principally from diversion of milk to whole milk uses.

Roland W. Bartlett, Professor Agricultural Economics University of Illinois

## LAW on the FARM

#### Tenant's rights in trees

Most Illinois farms have at least one tree! Some do not have many more, but many have enough to raise problems between a tenant in possession and an owner in torn. The number, species, age, location and past usage of the tree growth on a particular farm go a long way in determining the legal rights of a tenant in cases where the law must be consulted. Here are some of the principles which apply when landlord and tenant have not agreed otherwise in a lease, or when customs in a particular locality are not contrary.

1. A tenant may pasture his livestock in woodlands that have been used for pasturing, regardless of the desirability of the practice. He would not be liable therefore for any normal damage caused by his animals to any of the trees. He would not have a right to pasture woodlands being managed for production unless expressly permitted.

2. A tenant may cut dead and undesirable trees for firewood, to clean up a field or fencerow, or for any purpose in accord with good husbandry. He cannot sell firewood.

3. He may cut a valuable timber tree only when the lumber is needed to repair fences, build-

ing hens. Rations which supply these requirements will cost you more, but they will repay you in higher hatchability and better quality chicks.

## Manure on pastures has very high value

If someone told you that a ton of manure was worth almost \$15.00, you might think the fellow didn't know what he was talking about.

But Cook County Farm Adviser C. A. Hughes says he has a report from the University of Illinois Dixon Springs Experiment Station showing that a ton of manure actually may be worth almost \$15.00, when used in a pasture improvement program.

At the Dixon Springs Station, which is in southern Illinois, research workers compared animal gains on pastures that had been manured with gains on pastures that had not been manured. They used four fields, lying side by side on the same kind of soil. Manure was applied to two of the fields, but not to the other two.

All four fields were tested and were then treated with limestone and phosphate according to the tests. All four were seeded to the same pasture mixture in the spring of 1946. This mixture was 4 pounds of redtop, 3 pounds of Kentucky bluegrass, 1 pound of Ladino clover, 2 pounds of alsike and 5 pounds of lespedeza.

In other words, the pastures were just alike except that two of the fields received an application of manure at the rate of 4 tons per acre. All of the pastures were grazed by ewes and lambs under a sound pasture management program.

AVERAGE annual lamb gains were 68.3 pounds an acre higher on the manured pastures than on the pastures that were not so manured. With gains valued at 21.5 cents a pound, in a year the manured pastures returned \$14.68 an acre more than the unmanured pastures. Over a 4-year period, the return amounted to \$58.72 for the 4 tons of manure—\$14.55 a ton.

The manure not only increased animal gains; it also improved the quality of the forage. Each year the research workers compared the percentage of desirable species in the forage from all four pastures. At the end of the third grazing season, they found that the manured pastures contained almost 96 per cent of desirable species, while the unmanured pastures contained only 79 per cent.

The men in charge of the work at the Dixon Springs Station point out that these comparisons were made on fields which had been limed and phosphated. In other trials where manure was the only treatment used, the increased returns were not so high.

### Holstein breeder

Edwin W. Kirchhoff, Mt. Prospect, is one of 33 Illinois Holstein breeders recently admitted to membership in The Holstein-Friesian Association of America by unanimous vote of the Board of Directors.

The national Holstein association is the largest dairy cattle recording organization in the world with a total membership of almost 40,000 breeders of registered Holstein cattle, and now has over 4,200,000 animals in its Herd Book.

9,000 Contacts Per Mile

As a six-cylinder car rolls over each mile, the whirling rotor in the distributor must make nearly 9,000 contacts. Only a material that is highly resistant to oxidation and erosion by the intense spark can be used to make rotors. Monel has proved an excellent material for rotor arms, and as a result many manufacturers specify this alloy.

## Hoover report's adoption will help taxpayer

The Research Director of the Illinois Agricultural Association reports the following, which should be of interest to all citizens since income tax time is again on it. As a taxpayer, you might wish to let your congressmen know your ideas.

Here is some general facts and a list of senators and your representatives from Illinois:

(1) The Federal debt amounts to a \$7,000 mortgage hanging over your family.

(2) Three out of four dollars of taxes you pay go to the Federal Government.

(3) Federal income taxes and hidden taxes cost the average family \$1,000 yearly.

(4) Governmental expenses can be cut one dollar in ten if Hoover Report recommendations are followed.

(5) The deficit in the Federal budget for the current fiscal year is more than the entire budget of 1939.

(6) It takes four times as much "help" to process a veteran's insurance policy as it does for a private one.

**WRITE YOUR** Congressman about it—here's the list:

**United States Senators**  
Scott W. Lucas (D), Havana, and Paul H. Douglas (D), 5633 Blackstone, Chicago.

**Representatives**

## New Coiffure for Heart-Shape Face

Here is one of the coiffures designed especially for the heart-shaped face. This hair-do, with its curled bang above the brow, waves flowing back from the temples, and saucy hoop over one ear, accentuates the pleasing contours of the face. The picture is from Good Housekeeping magazine which features a Master Handbook of 50 New Hair-dos in its March issue.

## Breeding troubles cost state dairymen \$10 million yearly

Illinois dairymen are losing \$10 million every year through breeding troubles and sterility and their after effects.

N. L. VanDemark, University of Illinois dairy scientist, made this estimate today. He said it represented the value of more than 80,000 cows lost each year, forced sale of valuable breeding stock, lowered milk output, and fewer calves.

VanDemark makes three recommendations to avoid these troubles. They are: (1) feed enough feed, especially to young growing animals and don't worry about overfeeding. (2) Have enough phosphorus in the ration. You can supply phosphorus in bonemeal. (3) Feed a good quality roughage to insure enough vitamins.

There is little evidence to show that deficiency of one single part of the ration will cause reproductive trouble, according to VanDemark. Underfeeding delays sexual maturity in both bulls and heifers, and increases the chances for calving trouble. Overfeeding of dairy cattle has no effect on breeding efficiency, nor does a fat condition hamper efficiency.

## Joins Curtiss farms

Pierce D. Metzger of 36 East Wilson st., Palatine, has been added to the staff of the Curtiss Candy Company Farms artificial breeding program in Cook county. He will assist Glenn Bennett of Palatine, who has been working the area since last spring.

Metzger, who studied animal husbandry and worked on a farm at Mantua, Ohio, recently completed the intensive training course for herd technicians at the Curtiss Candy Company Farm. He studied the latest techniques of artificially breeding cattle and also was schooled in the Curtiss Candy breeding program recognized for its work and performance in five dairy and two beef breeds. Metzger attended Rutgers university at New Brunswick, N. J.

### Oil Production

Next to the United States in oil production is Venezuela, where 1.4 million barrels a day are produced, and the Middle East, which produces 1.2 million a day. In western Canada, a great oil development has started which already is producing enough oil for the consumptive demands of the three Western Canada provinces.

## National Guard opens ranks for O'Hare field

An integral part of defense of the skies over Greater Chicago, the 66th Fighter Wing of the Air Illinois National Guard, has again opened its ranks to a limited number of top-notch young men who qualify as Airmen. Ceilings on Air National Guard strength were lifted recently by the National Guard Bureau in Washington, to permit all units to reach authorized strengths in preparation for summer camp. The Air Guard units will take to the highways and skies on July 29, 1950 for two weeks of open air training at Camp Williams, Camp Douglas, Wis.

Lifting strength ceilings in the 66th Wing at O'Hare Airport, Mannheim & Higgins, Park Ridge, presents unusual opportunities for young men between the ages of 17 and 34 in training, promotion and commission, added pay, comradeship, acquisition of new skills and accumulation of retirement income. More than that, it presents an opportunity for young men to contribute to the security of the United States, the State of Illinois, and the security of their own homes.

The core of the Air National Guard is a force of 24 Fighter Groups and 3 Light Bomber Groups, organized into 12 Wings, of which the 52nd Fighter Wing is outstanding. In addition, there are 12 Aircraft Control and Warning Groups, including, at present 36 squadrons.

## Chicago colossus

On the banks of the Chicago River is one of the most amazing structures in America—the famous Merchandise Mart.

This colossus of Chicago is the largest commercial building in the world, and is exceeded in size only by the Pentagon Building, in Washington. According to Ripley, all the people of Chicago could be placed in the Mart at one time.

Imagine a building two city blocks in length with nearly double the floor space of the Empire State Building. Its seven and one half miles of corridors are traversed by 100,000 people a day.

It is a veritable city under one roof, with a daily working population of 20,000. It has its own police force, streets, docks, and post office.

More than 10,000 telephones serve this Mart population, and the key man and his staff need more than 15,000 keys to fit all the locks in the showrooms and offices. For heat, 225 tons of coal are consumed in a single day, and ashes from the boiler must be removed through a tunnel under the Chicago River. The Mart is served by water, rail, truck and even air, as helicopters land on its roof.

Here, goods from all the world are bought and sold. Here, the artwork of the Orient, the fine pottery of Limoges, and the laces of Belgium and Ireland can be found among the stocks of domestic goods displayed here for the buyers who come. But only wholesale business is conducted.

#### "Planned Safety"

Active fire prevention campaigns  
are saving lives and stopping fires  
in many cities. Among them is  
Baltimore, where the Baltimore  
Safety council reports definite re-  
sults from an intensive Christmas  
safety campaign last December.  
There were only four fires attribut-  
able to Christmas trees and Yule-  
tide hazards last December and  
January, while in December, 1947  
and January, 1948 there were fif-  
teen. Each December for the past  
five years, an average of 10 persons  
died as result of burns and scalds  
in Baltimore. Last December there  
were five such deaths.

## Winner in 'Old Stove Round-Up' drive

Mrs. Robert B. Wilcox, 1118  
Main st., Evanston, picks out lat-  
est model gas range, first prize in  
the "Old Stove Round-Up" con-  
test sponsored last fall by Pub-  
lic Service Company of Northern  
Illinois in cooperation with other  
gas range dealers in utility's  
northern area. Edward J. Stef-  
fen, gas field salesman for the  
utility, presents grand prize win-

ning range to Mrs. Wilcox,  
whose entry, a Reliable model  
manufactured in 1815 (inset), was  
judged the oldest stove still in  
use in the area.

The Wilcox family had used  
the old range in the basement for  
miscellaneous purposes. The  
three-months contest which en-  
ded last November 30, was open  
to all gas customers of the utility.

### JUST DOGS

by DAVE TERRILL

#### High frequency

If you think you have trouble  
just think about the poor dogs  
who now have to contend with  
the "A" bomb, the "H" bomb,  
and something else new and dif-  
ferent—the superphonic beam.

This beam is used to scare off  
birds from some unwanted loca-  
tion and produces a high-pitched  
note which, while inaudible to  
humans, is audible to birds and  
also dogs, some of which have  
given evidence of suffering after  
being exposed. Tests have been  
run in England and according to  
a report from Gaines Research  
that while no fatalities have  
been reported, it has been de-  
termined that high frequency  
sound waves will kill rats and  
guinea pigs. With these fur-  
bearing animals—and presum-  
ably also with dogs—the sound  
energy is turned into heat. They  
die from high-frequency noise  
because they get so hot that the  
body proteins coagulate.

#### No stones

Don't make it a habit to throw  
stones for your dog to retrieve,  
or permit the children to do this.  
Not only is there danger in that  
the dog may swallow the stone—  
granted of course that it is small  
enough—but also the wear and  
tear on the dog's teeth from  
picking them up is very bad.

The set of teeth that a dog  
gets when he is fully grown is  
the only set he will have and  
just because you can go out and  
get an upper or lower plate  
made for yourself does not mean  
that you should be the first dog  
owner in the country to go out  
and try to buy a set of false  
teeth for your dog. Your dog  
will do a pretty good job of tak-

ing care of his teeth along with  
your help in giving him the  
proper food, however don't do  
things even when playing with  
him that will ruin those teeth.

Barks and bays  
It looks as if 1950 will be the  
year in which the victory over  
the scourge of heartworm in  
dogs will finally be announced.  
The most outstanding work in  
this field has been done by Dr.  
H. W. Brown, professor of para-  
sitology at Columbia University  
Medical school, and with the re-  
serve of most scientists. Dr.  
Brown will make no promises,  
however, from his experiments  
it appears possible that some  
combination of a drug that kills  
the microfilariae with one that  
kills the adult worms will be the  
eventual solution.

### Ten day cure now available for syphilis

"Medical science has now  
given us a cure for syphilis that  
requires only ten days to two  
weeks when treatment is sought  
early enough," says Dr. John B.  
Hall, director, Cook County De-  
partment of Public Health. "Our  
real problem now is getting the  
people to understand that they  
contracted the disease and to  
seek proper medical treatment  
promptly."

Discovering the infected per-  
sons who are at large in the pop-  
ulation has long been a problem  
of public health officials. One  
of the methods used has been  
the routine testing for syphilis  
during regular physical examina-  
tions.

Many of the industrial and  
business concerns in Cook Coun-  
ty now require complete physi-  
cal examinations as an employ-  
ment procedure. This has prov-  
en to be a profitable service both  
to the employer and the em-  
ployee in discovering unrecog-  
nized venereal diseases.

#### Paint Containers

If discarded lead-paint containers  
are left in the barnyard or pas-  
ture, cattle may lick enough paint  
from them to be poisoned.

## 'Toy Shop' headlines Ice Capades show

"Toy Shop," top attraction of  
Ice Capades of 1950, coming to  
the Chicago Arena from March  
14 through April 2, inclusive, is  
a Walt Disney original in which  
all of Disney's famous characters  
including Mickey and Minnie  
Mouse, Donald Duck, Pinocchio,  
Pluto and Dumbo, have promi-  
ent parts.

It's a delightful fantasy that  
contains opportunity for some  
brilliant solo skating by Bobby  
Specht, Mary Lou Landreville  
and Eric Waite, as well as an  
ensemble of Ice Capades as toy  
soldiers. All of this talent is  
displayed in the most attractive  
of settings.

This is only one of ten lavish  
production numbers in the tenth  
annual edition of Ice Capades,  
which boasts a cast of close to  
200 and requires sixteen railroad  
cars to move on the road. Other  
stars in the brilliant musical re-  
vue on blades are "The Old  
Smoothies" (Orin Markhus and  
Irma Thomas), Johnny Letten-  
garver, Larry Jackson, Bernie  
Lynam, Patti Phillippi, Helen  
Davidson, McKellen Brothers,  
Ruby and Bobby Maxson, Salter  
& Kinney, Alan Konrad, Mary  
Lela Wood, Chuckie Stein, Don  
Bearson, Forgie and Larson and  
many others.

Tickets for all performances  
are on sale at the Arena box of-  
fice and at Lytton's in the loop  
and Evanston. Mail orders also  
are being accepted at the Arena.

712 CENTER STREET

DES PLAINES

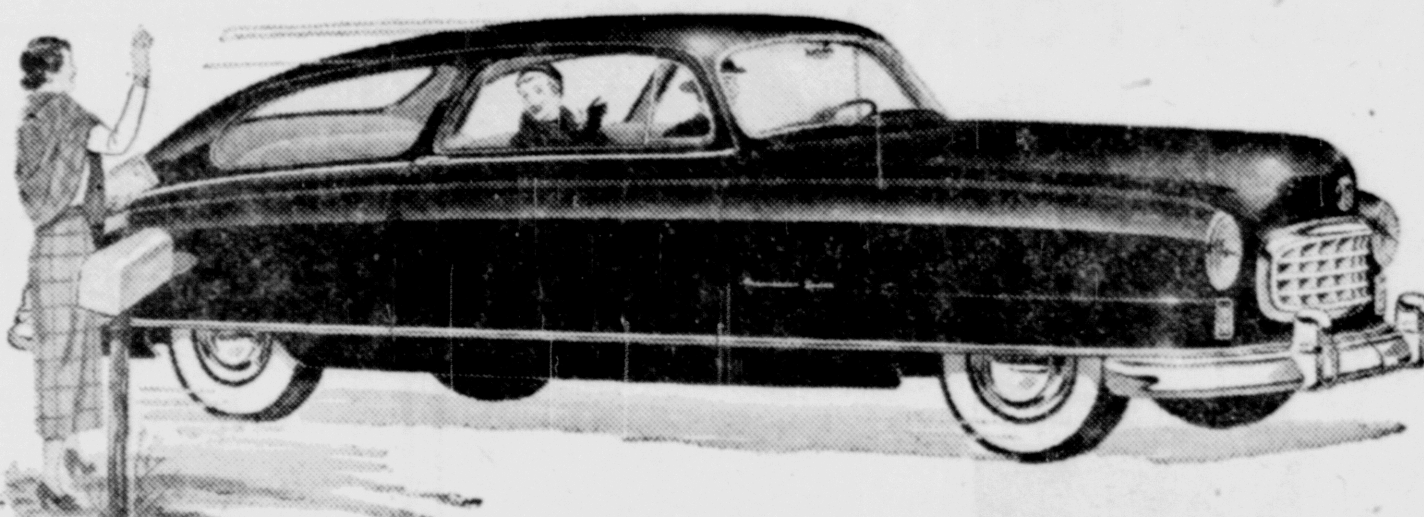

A big promise? Yes, and one you'll  
find comes true the first time you  
ride a 1950 Nash Ambassador.

Here is something absolutely new  
in the design, construction and balance of a  
fine car.

For here is Airflyte Construction of double  
rigidity. Note how much steadier it rides rough  
roads . . . how much smoother it is, with soft  
coil springs cushioning all four wheels.

And never was a moving car so quiet . . . so  
free of wind roar, thanks to Airflyte design . . .  
so free from body-bolt squeaks and rattles.

No, nothing on earth rides like the 1950 Nash  
Ambassador—nor gives you so much fine-car  
value. Even a Custom model, tailored to your  
order and equipped with Hydra-Matic Drive,  
costs as much as a thousand dollars less than  
other fine cars. See your Nash dealer.

No Other Car at Any Price Offers What a Nash Ambassador Does

DELIVERED HERE

Statesman Super 2-door Sedan \$1726.28  
Ambassador Super 2-door Sedan \$2054.07

(Car illustrated)

State and local taxes (if any) extra. Hydra-Matic  
Drive available on the Nash Ambassador at new  
low price. White sidewall tires, Airliner Reducing  
Seat and Weather Eye System opt., extra cost.  
Prices may vary slightly in adjoining communi-  
ties due to transportation charges.
